Threshing Machine Still Popular

Mark Rhodes, of RD 1, Columbiana pitches wheat into one of the few threshing machines still in operation in the area. Rhodes, and another Mahoning County farmer, Caleb Yoder, are harvesting wheat and oats this week, using the method that has almost disappeared from the agriculture scene.

The men have continued their threshing enterprise for 12 years, although other farmers have dropped out of the partnership. Both say they cling to the threshing machine, because it enables them

to get both the straw and grain in at the same time.

They admit, however, that they probably will replace the old-fashioned threshing machine with a combine in several years.

Rains have delayed the harvest for about three weeks, but this week it got into full swing on the Yoder farm, about 1 1/2 miles north of Columbiana on Rt. 14, where about 15 acres of wheat were harvested.

The Yoders were averaging almost 50 bushel to the acre with the moisture content running a

little above the 14 per cent mark.

The threshers later went to the Rhodes farm on the Renkenberger Rd. where 14 1/2 acres of wheat and 14 acres of oats are being harvested.

Seven persons were kept busy bringing the wheat in from the field by wagon, feeding it into the thrasher, and sacking the golden grain, and baling the straw.

Helping with the harvest were David and Wilbur Yoder, sons of Caleb Yoder, Lee and Alan Rhodes, sons of Mark Rhodes, and Harvey Good, who is 81 years young.

Storm Sewer Levy Is Proposed

Tax Would Provide \$380,000 Over Five Years

City Council's sewage committee will ask council to pass legislation at its next meeting Tuesday to place a two-mill tax levy on the November ballot to provide \$380,000 for a city-wide storm sewer extension project.

Councilman R. M. Linder, chairman of the sewage committee, announced today his committee plans to ask for a five-year levy that would bring in about \$76,000 per year to finance the addition of 439 acres to the city's storm sewer program.

Sixty per cent of the voters at the next election must vote "yes" for the levy in order for it to pass, he said.

City Council previously had considered a bond issue to finance the project, which would be an extension of the city's storm sewer program approved in 1948.

However, bond issues must be certified 110 days before a general election, and City Solicitor James Primm forgot the deadline, thus making it too late to place the bond issue on the ballots.

The bond issue would have been for a 25-year period. Mr. Linder said the city would save about \$200,000 in interest if the levy is passed. The interest rates charged by bonding companies currently amount to 3 1/2 per cent annually, he said.

Mr. Linder said the levy would provide sufficient funds to cover any price increases that might occur during the next five years.

It would also provide enough revenue to resolve any other drainage problems that might arise during the period.

The sewer extension would include about 13 areas in the city where flooding exists during heavy rain storms. The drainage programs have been chiefly created by new construction in the city.

Most serious problem in the opinion of the sewage committee, Mr. Linder said, is the area adjacent to the new high school buildings.

About 65 acres of land in that area are without proper drainage outlets, creating serious flooding after every rain storm.

Other large acreages, which would be taken into the storm sewer system are 64 acres in the Prospect School and Kelly Park area, 66 acres in the Ridgewood, Franklin Ave., area; and 68.5 acres around N. Ellsworth ave. north of 7th and 8th St.

The project has been under study by the sewage committee for about two years.

Youth Is Injured In Swimming Mishap

James Foley, 16, of Guilford Lake suffered a punctured lip, head bruises and possible neck injuries in a swimming accident Wednesday afternoon at Guilford Lake.

The mishap occurred when Foley jumped from a rail, striking a raft which was docked nearby. He is reported in good condition at the Central Clinic.

Dollar Days to be Held Here Friday, Saturday

Salem retail merchants' semi-annual Dollar Days will be held Friday and Saturday, providing thrifty shoppers in the Greater Salem Area and elsewhere in Columbiana and Mahoning Counties and opportunity to take advantage of bargain offers in merchandise.

The twice-a-year event is sponsored by the Salem Retail Merchants Division headed by Herbert Gordon. Mrs. George W. Bunn is chairman of the current program.

Many stores have made special purchase for Dollar Days offering new goods at lower prices specially marked for Friday and Saturday. Shoppers will find values in almost every line, including men's, women's and children's

FIRE LEVELS BARN — Only the stone foundation remained of the barn at the Marion Wilson farm just west of New Garden on Route 172 after fire of undetermined origin destroyed the structure at 7:30 p. m. Wednesday.

Teacher Assignments Announced

School Personnel Hired By Board at Leetonia

BY ELEANOR COPPERSMITH

LEETONIA — Teacher assignments were announced and other school personnel were hired at the Board of Education meeting Wednesday night in Orchard Hill School.

Dr. Woodrow Gephart, superintendent of schools, reported all teaching posts are filled, with the exception of a combination English, mathematics and junior high school instructor.

Mrs. Wanda Pyles was hired as elementary supervisor, succeeding Lee McMurrin. Mrs. Joann Ferry has been named high school secretary.

Teacher assignments to date are as follows: Washingtonville Elementary — Kindergarten, Mrs. Mary Edgerton; (one session) grade one, Mrs. Winifred Leonard; grade two, Mrs. Lena Lewis; grade three, Mrs. Edith Lewis; grade four, Mrs. Jane Myers; grade five Patsy Trel Jr.; grade six, Clifford Anderson; and head teacher, Mrs. Pyles.

South Side Elementary — Kindergarten, Mrs. Mildred Painter (two sessions); grade one, Mrs. Lorna Hahn; grade two, Mrs. Edith Friedberg; grade three, Miss Hazel Ginter, head teacher.

Orchard Hill Elementary — Primary Unit, grade one, Mrs. Bertha Justice; grades one-two, Mrs. Elanor Hartman; grades two-three, Mrs. Mary E. Kidder; grade four, Mrs. Lela McKenzie, head teacher.

Intermediate Unit, grade four, Mrs. Sally Bosel; grade five, Mrs. Sara Knight, head teacher; grade five, Miss Louise Oberholt; grade six, Raymond Pyles; grades six-seven, Gordon Crumbacher.

Junior High Unit, grade 7A, Virgil Roman; grade 7B, George Trombitas, head teacher; grade 8A, Mrs. Betty Mason; grade 8B, Leonard Batcha.

Leetonia High School — Principal, Fred Moore; distributive cooperative education, Charles Besse; vocational guidance, Daniel Friedburg; instrumental music, Kark Meinhardt; vocal music, Miss Regina Hopfel; art, Mrs. Frances Hersman; office cooperative education, Miss Shirley Derr.

Mathematics, Miss Florence Wilhelm; English and speech, Richard Banker; England and French, William Kraft; history, Leroy Hoskins; civics, Pat Mancuso; typing and shorthand, Mrs. Jean Batcha; science, Carl Flitcraft; industrial arts, George Hebberts; vocational home economics, Miss Yvonne Huss; health and girls physical education, Miss Ann Topie.

Board members voted to compensate each head teacher \$50 yearly.

School employees rehired areas follows: Bus drivers, Frank Dominic, Victor Hedl, Vernon Walker, Arland Hively and Detmar Weikart; cafeteria cooks, Mrs. Elsie Briggs, Mrs. Verna Forney, Mrs. Loretta Newton, Mrs. Mary Weikart and Mrs. Gladys Ritchie; custodians, Frank Vespasian, Joe Altomare, Frances Perry and Russell Weikart.

Members approved the use of blackout to repair the sidewalk on Walnut St. from the drive way at the high school to Wood St., near the football stadium.

Attending the meeting were Dr. Gephart, Board President, Dr. P. H. Beaver, Dr. Paul Conrad, Dr. Guy Nicolette, Wayne Holloway, Jack Ripley and Clerk Daniel Butch.

His successor is William D. Krahling, current assistant director and vice president of the Ohio Conference Sports Publicity Association.

Mr. Crist will teach and supervise all journalism work at Mount Union while teaching English. He taught at Iowa State College before his affiliation with Mount Union.

The change is effective Sept. 1.

Fire Razes Barn In New Garden

3,000 Bales of Hay Equipment Is Lost

Fire, believed caused by spontaneous combustion, destroyed a wood frame barn and its contents near New Garden Wednesday night. Damage was estimated in the thousands of dollars.

The barn was on a farm owned by Albert J. Loudon of Hanoverton and operated by Mr. and Mrs. Marion Wilson of New Garden.

The farm is located one-half mile west of New Garden on Rt. 172.

One milking cow was saved by the Wilsons. Destroyed were 3,000 bales of hay, a tractor and trailer and a quantity of miscellaneous tools.

Firemen from Hanoverton and Guilford were summoned but did not arrive in time to save any of the contents.

Mrs. Wilson, who called the firemen had just returned to the house after milking the cow when

1 Person Hurt, 3 Arrested In Road Mishaps

Highway patrolmen arrested three drivers Wednesday following three county accidents in which one person was slightly injured.

James E. Greathouse, 39, of RD 1, Wellsville received lacerations of the lip in a collision on Rt. 7, just south of East Liverpool, at 1:05 p.m. His injury did not require treatment.

The patrol reported that southbound car driven by Ralph Lightner, 43, of Ravenswood, W. Va., stopped behind an unidentified vehicle when signaled by a high way repair crew.

Greathouse's auto struck the Lightner car in the rear.

Greathouse was arrested for reckless operation.

Also cited for reckless operation was Bernard Buxton, 32, of Hanoverton, following a one-car accident on Rt. 30, 2.3 miles west of Hanoverton, at 5:20 p.m.

Buxton's car went out of control on a curve, went over an embankment and broke off a telephone pole, the patrol reported.

Deolores McDonough, 29, of Cleveland was arrested for failure to stop in the assured clear distance ahead after a collision on Rt. 45, just north of Lisbon, at 12:45 p.m.

The patrol said a car driven by James M. Tood, 17 of RD 1, Lisbon was attempting to make a right turn when it was struck in the rear by the McDonough car.

Distribution Set In September

\$1,736,631 Collected In County Realty Taxes

County Treasurer Vincent C. Judge has certified \$1,736,631.24 to the auditor's office as the total second half of 1957 real estate taxes collected through last Monday.

The tax payment deadline was last Thursday.

Certification of the figure is preliminary procedure for allowing the auditor to distribute 60

per cent of the amount to county subdivisions.

An auditor's office spokesman indicated the distribution will be made sometime in September.

A tax total of \$1,857,779 was collected last year.

The following is a list of township amounts collected.

Liverpool Township — East Liverpool school district, \$48,442.94; East Liverpool City, \$377,168.01.

Perry Twp. — Salem City school district, \$55,870.12; Salem City, \$329,069.99.

Center Twp. — Lisbon village, \$60,643.20; Lisbon school district, \$31,429.10; Wayne school district, \$3,020.55; United school district, \$13,089.33.

Yellow Creek Twp. — Yellow Creek school district, \$17,515.17; Wellsville school district, \$1,026.80; Wellsville City, \$84,619.53.

Butler Twp. — United school district, \$19,891.49; Mahoning school district, \$18,556.69.

Elkrun Twp. — Beaver school district, \$20,998.51.

Fairfield Twp. — Fairfield-Waterford school district, \$42,571.03; Columbiana school district, \$22,871.67; Columbiana village, \$62,960.23; Leetonia village, \$3,437.33.

Franklin Twp. — Franklin school district, \$19,494.49; Summitville village, \$7,149.48.

Hanover Twp. — United school district \$48,760.13; Hanoverton village, \$4,352.97.

Knox Twp. — Knox school district \$62,006.33; Alliance school district \$1,071.73.

Madison Twp. — Beaver school district \$15,734.05; Yellow Creek school district, \$4,407.31.

Middleton Twp. — Beaver school district, \$18,610.83; Negley school district \$6,427.71; Rogers village, \$2,563.64.

Salem Twp. — United school district, \$8,118.29; Salem school district, \$3,811.03; Washingtonville

U.N. Session Indicating World Fear

UNITED NATIONS, N.Y. (AP) — The emergency session of the U.N. indicates the world's statesmen have had a scare.

"Sober" was the word used more than any other here to describe Wednesday's opening session on the Arab East. All fully appreciated the gravity of the crisis and the possible consequences from it.

The emergency session now boils down to a three-way contest over the future of Arab nationalism.

The United States is hopeful that this force — President Eisenhower called it "a great surge" — can be persuaded to provide the energy for a stable community of Arab nations. To this end, the United States has pledged support to whatever feasible economic goals the Arabs may feel suit their needs.

The Soviet Union, moving cautiously in a dangerous situation, says it too is in favor of economic betterment of a long-neglected, backward area. But many of its policies have left little doubt that communism would prefer to keep the area in ferment and off balance.

The third contestant is Gamal Abdel Nasser of the United Arab Republic. He cannot yet be absolved of the suspicion that he sees Cairo — and himself — as the eventual master of an enormous strategic slice of the world.

DiSalle Blasts O'Neill at Lisbon

Says He Didn't Seek Industries for Area

Failure of the administration of Gov. C. William O'Neill to seek new industries for the Salem and East Liverpool areas was charged by Michael V. DiSalle, Democratic nominee for governor, at Lisbon Wednesday.

About 150 heard the Democratic candidate and Stephen M. Young, party candidate for senator, speak at a coffee hour program at the Wick Hotel.

DiSalle said he would, if elected in November, immediately launch a program to encourage industrial expansion in Columbiana County in cooperation with the district congressman.

DiSalle also said he felt strip mine land should be given to the state for reclamation and use in conservation and recreation programs. Development of parks on such used land could make the area a national playground, he said.

He renewed his attack on Gov. O'Neill's campaign promises in a drive for re-election, and said some \$250,000 has been spent on the events "already a quarter of a million dollars for a campaign which has not yet reached high gear" DiSalle said state employees

A-Sub 'Seawolf' Trying For Endurance Record

WASHINGTON (AP)—The U. S. atomic submarine Seawolf apparently is striving for a new underwater endurance record while on a cruise in the North Atlantic.

The US Skate, another nuclear sub now on an exploratory trip in the North Pole region, holds the record for longest time undersea—31 days, 5 1/2 hours.

A Navy spokesman said the Seawolf, which left Groton, Conn., Aug. 5, is undergoing tests to determine how long the sub and its crew can function away from the earth's atmosphere.

The Seawolf, one of the nation's three atomic submarines now in service, was commissioned in March 1955. Her skipper is Cmdr. Richard Laning of Amherst, Va.

Township Representatives Named to ASC Committee

County townships have elected chairmen vice chairmen, members, and first and second delegates as their district representatives to the Agricultural Stabilization and Conservation Community Committee for the year beginning Sept. 1.

Ballots were mailed out Aug. 1 and by Aug. 8.

A representative from each district will meet Monday, Aug. 25, at Lisbon Village hall to elect a chairman, vice-chairman, member and two alternates who will compose the committee for Columbiana County. The county men also will serve for a one-year period beginning Sept. 1.

A total of 558 ballots were cast this year, 121 more than the 437 counted in 1957.

The following are the township chairmen, vice-chairmen, members and first and second delegates, in that order:

Butler Twp. — Donald Plugan, Earl Bardo, Donald Coppock, John Vogelhuber and Richard Stamp.

Center — Perry Arter, Edward Chamberlain, John Jarmen, Paul Faulk and Bill Pittenge.

Elkrun — Sidney Scroggs Paul Chamberlain, Leland Baker, Lawrence Baker and John Manning.

Fairfield — Herman Schwab, Alva Cope, Glen Grim, Chalmers Morris and Homer Royer.

Franklin — Edwin King, Regis Munday, Howard McKarns, Frank Park and Roy King.

Hanover — Ernst Moser, Harry Speidel, Arthur Wernet, Austin Haynam, Joseph Zehentbauer.

Knox — Earl Kitzmiller, Wilson Yaggi, Robert Bandy, M. H. Christian and John Bandy.

Liverpool — St. Clair — Robert Hickman, Carl Wollam, Frank A. Fisher, Donald Knepper and Howard Thompson.

Madison — Dean Forbes, Frank Woodrow, Fed McPherson, Cecil Lynn and Paul Dailey.

Middleton — Carl Daiger, Richard Lyons, L. Lewis Justison, Frank Pancake and William Dyke.

Salem-Perry — Glenn Farrington John VanBlaricon, Milton John, J. Floyd Stamp and Silas Peppel.

Unity — Glen Wilhelm, Lloyd

THOMAS R. HINERMAN, construction electrician's mate first class, USN, son of Mr. and Mrs. Bernard E. Hinerman of 619 Columbia St., Leetonia, and husband of the former Constance Gravestine of Shelburne, Nova Scotia, is shown taking the oath of allegiance upon his third reenlistment.

Navy Cdr. Humphrey Tall (left) administered the oath at the Naval Air Station in Brunswick, Maine.

Before entering the service in August 1947, Hinerman graduated from Leetonia High School.

Myers, Ralph Fitzsimmons, John E. Ward and George Simon.

Washington—Yellow Creek—Wilbur G. Hays, Harold Leatherberry, Frank Rose, Hugh Smith and William Black.

Wayne — Harold Thompson, William Metts, Joseph Davis, Walter Laughlin and Joseph Rowley.

West—Carl A. Evans, Lee Haynam, Lloyd Barrick, William Merriam and Clifford Myers.

Steam Engine Assn. Reunion Next Week

The second annual reunion of the Tri-State Historical Steam Engine Association will be held Wednesday through Saturday at the Hookstown, Pa., Grange Fair grounds in connection with the Hookstown fair.

There will be daily demonstrations of lumber by steam engines. A number of other steam

traction engines will be in operation each day.

The association also will sponsor a steam engine queen contest. The queen will be selected and crowned Wednesday at 8 p.m. and will reign throughout the reunion. Contestants must be teen-agers and a member of the family belonging to the association. A prize of \$15 will be awarded the queen.

Californian Drags Wife Through Tomato Patch

VAN NUYS, Calif. (AP) — He may have dragged her through a tomato patch, but he didn't hit her.

Police said that's what Robert M. Connelly told them after his wife Maxine, 41, complained. She didn't like it when he made her sleep in the chicken coop for three nights either, she told officers.

Connelly drew a 25-day jail sentence.

THE SALEM NEWS WANT ADS

Moon Rocket To Be Tracked By 6 Stations

INGLEWOOD, Calif. (AP) — A rocket's own story of its trip toward the moon is scheduled to unfold in an auditorium here.

Informed sources say the Air Force will fire its first rocket at the moon next Sunday from Cape Canaveral Fla.

Once the rocket flashes into space its scientific devices will be flashed here by code to be fed into electronic computers and correlated.

Half a dozen stations around the world will start tracking it. They are in Manchester England; Singapore; India; Hawaii; Florida; and California.

Their raw information will be flashed here by code to be fed into electronic computers and correlated.

The findings will be announced simultaneously in Washington Cape Canaveral and here.

The tracking hub is in the heart of the Ramo-Woodbridge Corp. complex where the Air Force Ballistic Missile Division makes its headquarters.

As soon as progress reports and other data from the rocket are compiled in Ramo-Woodbridge's space technological laboratories they will be announced in a news headquarters set up in a Ramo-Woodbridge building.

The news center—a big auditorium—will be dominated by a lined screen called a Prob-o-graph. On this giant chart a moving line will disclose the rocket's expected 25,000-mile-an-hour approach to the vicinity of the moon. There will be at least four progress reports a day.

Tavern Patrons Tipsy From Ammonia Fumes

PHOENIX, Ariz. (AP) — Alcohol and ammonia fumes are a blend that chases customers right out the front door.

Mrs. Earl Baltzer made that complaint to police Wednesday. She owns the Tip Top Bar and her grievance was directed against the Quality Blue Print Co., a next-door neighbor.

A quality employee admitted tipping over an ammonia tank. The fumes seeped into the bar and Mrs. Baltzer's customers dashed for the street.

"But two months ago was worse," she added. "A customer got sick and was carried to the car by her husband. They didn't finish their drinks or even pick up the change."

Police turned the complaint over to the health department.

DROWNS IN LAKE
SANDUSKY, Ohio (AP)—Martin Huffman, 69, of Mansfield, drowned Wednesday in Lake Erie when his son's 14-foot outboard motor boat capsized 50 feet west of Cedar Point. Three other occupants, all from Mansfield, were rescued.

Literary Discovery

By HAL BOYLE

NEW YORK (AP)—"Show me a man who won't run away when a girl says, 'I love you,'" remarked Rona Jaffe, "and I'll show you a man who's married to somebody else."

Miss Jaffe, pretty, dark-haired and only 26, is being groomed as the literary discovery of the 1958 fall season.

"My ambition is to be a famous novelist—to be No. 1 on the fiction list," she said.

She may make it this year with her first novel, "The Best of Everything," to be published next month. Some 30,000 advance copies already have been sold, and producer Jerry Wald has snapped up the movie rights for \$100,000.

Rona, a bright and determined daughter of well-to-do parents, was graduated from Radcliffe at 19. She got a job in a publishing firm, wrote and sold eight short stories in the next few years.

Last summer, during a visit to Hollywood, she heard producer Wald say he was looking for "a modern Kitty Foyle."

"Kitty Foyle," by Christopher Morley, was one of the most successful novels ever written about the "pore working girl."

"I decided then and there I'd write it," Rona said. So she came back to Manhattan, quit her job and settled down to write the realistic story not of one, but of five working girls.

"I had been living with my parents," she said. "But I moved into another apartment to be by myself. I wanted to be frank, and knew I couldn't write it under the roof of the sweet, well-meaning people who were going to get the shock of their lives when they found out what their little Frankenstein had written."

"I set myself a goal of five pages every day. I wrote the book in exactly five months and five days plus"—she smiled archly—"plus the suffering of 26 years."

Magazine editors read the novel in galley proof, gulped, and decided against serializing it. Their verdict: Too spicy. But producer Ward read only 50 pages, then plunked down his \$100,000 gladly.

The paperback edition rights sold for twice the advance received by "Peyton Place." Miss Jaffe, who has been used

to the best of everything all her life, plans no big splurge with her money.

"I already have an apartment, a mink jacket and a sports car," she said, nonchalantly. "I think I'll buy stocks and bonds."

She said working girls today have two major problems—loneliness, and the fact their values change so much they find it difficult to find happiness.

"What they really want isn't a career but someone to love who loves them," she says.

"But they get more and more sophisticated, demanding, cynical,

and harder to please. They mature. They're looking for something more than the boy next door."

"What defeats a woman — if anything does — is not to be loved," she said. "You can make a lot of things happen to you in this life if you work hard."

"But one thing you can't do. You can't make another person love you."

Nellie, only daughter of President and Mrs. Ulysses S. Grant, was married in the White House to Algernon Sartoris of Britain.

Guilford Grangers Plan Family Picnic

Guilford Grange will hold a family picnic at noon Aug. 31 at Guilford Lake. Plans for this family gathering were discussed at a recent meeting in Guilford Grange Hall with the master James Werner, presiding.

The grange answered appeals for aid from three other granges, and the charter was draped in memory of Mrs. Mary Vossick and John Miller.

It was announced that the Guil-

ford degree team will exemplify the third and fourth degrees at Salem Grange Friday evening.

Winners of the crocheted doily and angel food cake contests and juvenile projects are asked to have their entries at Pomona meeting at Bayard Grange Saturday at 8:30 p.m.

SALESMAN KILLED

CLEVELAND (AP)—George L. Poole, a 33-year-old Buffalo, N. Y., salesman, was killed when his car collided with two others here Wednesday.

Program on Tractor Tipping Set at Fair

LISBON — A tractor tipping demonstration will be a feature of the Columbiana county fair Friday afternoon, Aug. 22.

The demonstration will show how an actual farm tractor can be easily upset when proper care in its operation is not taken.

The demonstration will be conducted by W. E. Stuckey, farm safety specialist of Ohio State University, in front of the grandstand.

Gas Stations and Zoning

City Council can't seem to make up its mind whether to restrict gasoline service stations in residential areas and therefore has appealed for a public expression of opinion before approving the city's much-discussed, long-prepared zoning plan.

The ordinance is nearly ready for final draft and if the gas station situation can be clarified, the zoning law can be on the statute books by fall. Public hearings have been held.

There appears to be nothing wrong with permitting service stations to be built on main streets which serve as

state routes providing Council can enforce construction of buildings in harmony with residential surroundings. Gas stations do fill a public need.

Despite the fact that Council last month rejected the residential area service station proposal, it's obvious that the councilmen are willing now to change their minds. If you're interested one way or another, Council's next meeting date is Aug. 19.

Salem needs a zoning law and any further delay may only complicate matters.

Water Drainage Problems

City Council is justified in its recent action holding contractors liable, by ordinance, for damages caused by flood waters rushing from construction sites into sanitary sewer lines.

Contractors' carelessness in this respect has caused water and sewage to back up in many homes, but they, alone, are not to blame.

Water drainage problems have been acute this summer due to the unusual wet weather, fraying the nerves of many home owners and causing headaches for city officials.

During the past year Utilities Superintendent

Aubrey Hayes has pursued a program to eliminate all downspouts from entering sanitary sewers, and he has taken other remedial steps, but much of Salem's drainage problems goes back many years when the system was first installed. Although main storm water lines have been enlarged through new installations and outlets broadened, many sanitary and storm water lines beneath our streets are still interlocked.

It would take more than a good engineer to unravel the entanglement. It would require funds that the city doesn't have.

Summit to Summit to Summit

It is too soon — perhaps 10 years too soon — to understand why the premier of the Soviet Union should go to Peiping for advice in a crisis.

But when understanding finally comes, as it will when China's millions and India's millions feel the benefits of industrialization, many who remember the phrase "summit meeting" will wonder why the United States was so slow to realize that Russia always was an Asiatic nation.

They will point out that historically and geographically the Russian government always looked to the Far East more than to Europe; that its roots were in the Orient, not in the Occident.

They will explain that the essence of the socialist credo which the Soviet Union and the Chinese People's Republic were promoting in Asia was the vastness of the populations of the two countries; that the importance of India as a potential convert was the vastness of its population.

And they will lament, unless the West suddenly is endowed with enough wisdom to realize that on this round earth the great land mass lies in the Eastern Hemisphere, that the "provincialism" of Western leaders caused them to ignore too long and too studiously the potentialities of Asia's and Africa's vast populations in the era of industrialism.

BUT INSTEAD of being endowed with wisdom, Western leaders have been endowed with a myopia that blinds them to the significance of industrialism in the 20th century. The same myopia blinds them to the significance of the relationship between the Soviet Union and Red China — a relationship in which it sometimes appears that Premier Khrushchev may be to Mao Tse-tung what Prime Minister Macmillan is to President Eisenhower—a spokesman for the lesser power.

It is doubtful if Western leaders think seriously about the significance of Communism as an international organization, because events have caused them to think about it chiefly in connection with Russia. Thus, they've been ecased them to think about it chiefly in connection with Russia. Thus, they never have been able to understand why Titoism in Yugoslavia is important; they do not think of Tito as leader of a disident element in an international conspiracy but

Don't Bet Against It

Reports of the imminent collapse and disappearance of the United Nations are getting to be like reports of the impending death of the Republican party, or the disappearance of the buffalo from the Great Plains.

They are premature at best and at worst are wishful.

One of the most successful real estate organizations in New York City has been working with the United Nations to acquire land adjacent to present U.N. headquarters for a 30-story office and apartment buildings for U.N. delegates. The project reflects optimism from two sources.

The first is the United Nations, itself, which understands why it is indispensable in a world community that needs to have a cockpit for its diplomatic gamecocks.

The second is the New York real estate firm, which understands why an organization with international backing represents the best long-term bet it could make on the stability of New York City real estate.

Once Over

Jimmy Hoffa says he won \$60,000 at races. We can see Jimmy at the race track. He enters clubhouse and takes his place at the head of table, holding up his right hand.

Waiter: What's your hand up for?
Jimmy: Sorry. It's force of habit, I thought I was being sworn in again.

(The waiter hands him a menu. Jimmy refuses it at first. He thinks it is a subpoena.)

Waiter: You want something hot or cold?
Jimmy: Cold. I've been having things hot enough. What's good in the daily double?
Answer: yes or no.

Waiter: How can I answer yes or no?
Jimmy: Sorry. I keep thinking I'm still at a Senate inquiry.

Waiter: I got nothing in the double. But the boys like something in the FIFTH.
Jimmy: They're taking the FIFTH EVEN AT HORSE RACES!!!

Waiter: There's a sleeper in the third by name.

Jimmy: I don't like the name.
Waiter: And I hear good things about a "Citation" colt.

Jimmy: That's even worse.

Waiter: There's a sleeper in the third by "Wise Counselor."

Jimmy: A wise counsellor is costing me enough.

A Tout: I got a good thing at Arlington called "Federal Judge."

Jimmy (angrily): Are you kidding?

Tout: Didn't I see you here yesterday?

Jimmy: I don't remember. And don't offer to refresh my recollection.

By H. I. Phillips

Tout. There's a skinner that figures at Atlantic City. "Peck's Bad Boy."

Jimmy. Did you say "PECK" or "BECK"?

MANHATTAN OBSERVATION

He crossed on red

(Just cutting capers

To get his picture

In the papers.

CAP. ROBERT ANDERSON who took the Nautilus under the North Pole never saw salt water until he went to Annapolis. He was raised in the Tennessee hills. Jules Verne imagined such a trip 100 years ago in "20,000 Leagues Under the Sea" with his fabulous Captain Nemo.

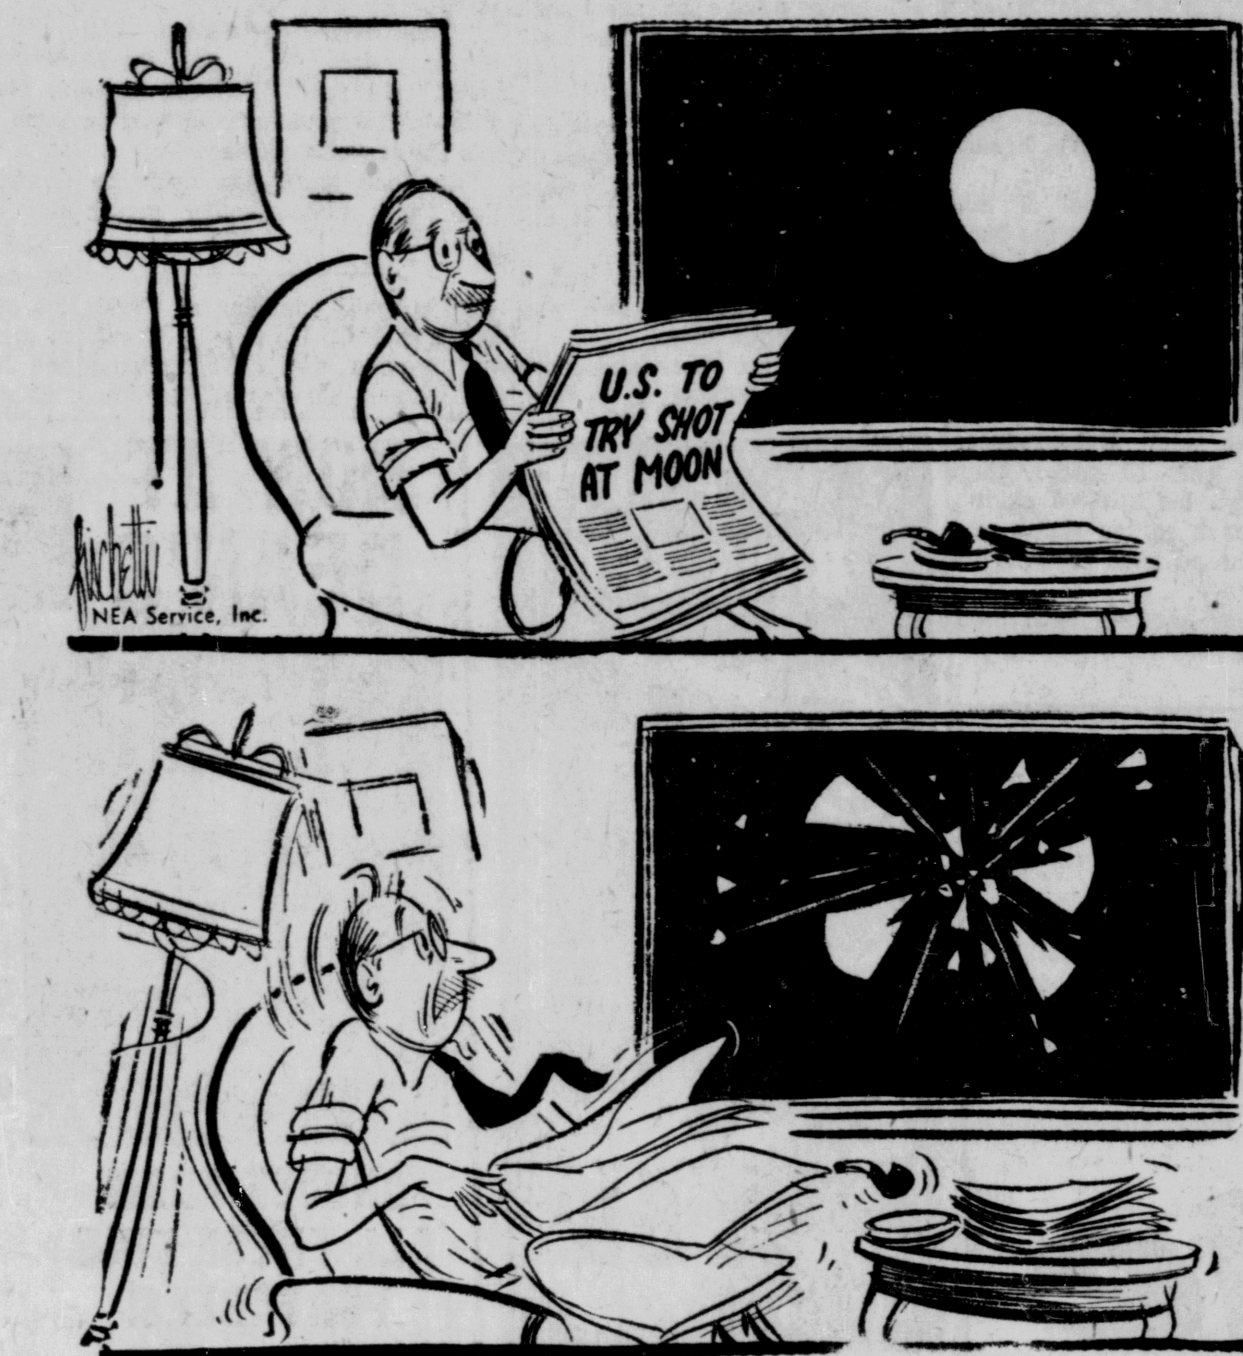

The U.N. now has its first permanent woman delegate. A woman delegate can do the U.N. no harm and could do it a lot of good. For one thing it is a fact a woman can listen to men argue only up to a reasonable point before snapping. "Aw, shut up!"

There are times when the U.N. seems to quibble whil' Rome burns.

Both Harriman and Rockefeller attended a potato growers' field day. . . We understand both denied being for creamed or au gratin and insisted they stood unequivocally for the simple boiled spud.

You can't expect TV stations to cancel sponsored programs and go broke concentrating on U. N. sessions, but it seems screwy to know that in a time of world crisis "Dot-to" and "Tic Tac Dough" get attention over Lodge and Sovolev. And that "Life With Elizabeth" and "Beat the Clock" crowd out Lebanon an. Jordan.

(The Associated Newspapers)

Hussein's Salvation

By BRIG. GEN. S. L. A. MARSHALL

Military Critic for Detroit News

JERUSALEM

Everyone here who has close knowledge of Jordan is agreed that King Hussein is reigning, if not living, on borrowed time.

The cold estimate is that the Hashemite Dynasty will collapse the moment the British airborne force withdraws. The alternative possibilities are that Hussein will be overthrown by a barracks revolt while the British are still camping at Amman Airport or will take flight under British protection as the intervention ends.

In whatever form the revolt may come, it is believed that the junta which topples and succeeds Hussein would declare its alignment with President Gamal Abdel Nasser of the United Arab Republic within its first hours in power. Any such development would raise

Looking Backward

5 YEARS AGO — Mrs. Joseph Fisher of Oak St. was hostess to M & M Club members Wednesday at her home. Prizes were won by Mrs. Carl Skowran, Mrs. John Fithian and Mrs. Ralph Landwert

10 YEARS AGO — Mrs. Edward Wise, president, reviewed activities of the recent state meeting in Akron, at the Friday session of Ladies Auxiliary NO 8, Patriarchs Militant, in the IOOF hall. Mrs. Charles Bailey and Mrs. Catherine Pyle served refreshments.

25 YEARS AGO — T. E. Miller is taking a vacation from his duties at the Ohio Edison Company. Mr. Miller and his family will attend the World's Fair in Chicago.

40 YEARS AGO — A. W. Beeson who has been visiting his mother, Mrs. R. H. Beeson of Franklin Ave. for a few days, has returned to his home in Washington, Pa.

Thoughts

When thou comest nigh unto a city to fight against it, then proclaim peace unto it.—Deut., 20:10.

Peace is the proper result of the Christian temper. It is the great kindness which our religion doth us, that it brings us to a settledness of mind, and a consistency within ourselves.—Bishop Patrick.

For this child I prayed; and the Lord hath given me my petition which I asked of him.—Samuel 1:7.

He who prays without confidence cannot hope that his prayers will be granted.—Francis Fenelon.

And didst see the affliction of our fathers in Egypt, and heardest their cry by the Red Sea.—Nehemiah 9:9.

Thou art never at any time nearer to God than when under tribulation; which He permits for the purification and beautifying of thy soul.—Miguel Molinos.

And they were haughty, and committed abomination before me; therefore I took them away as I saw good.—Ezekiel 16:50.

When a proud man thinks best of himself, then God and man think worst of him.—Horace Smith.

Hindsight Critics

By DAVID LAWRENCE

Lack of 'Positiveness' Is Causing Moans

Critics of American foreign policy, both inside and outside the Democratic-controlled Congress, are having a hard time being specific. They generally bemoan what seems to them a lack of "positiveness" and they even blame the President and the secretary of state for not having a secret microphone in the Kremlin to get minute-by-minute reports of what an erratic Khrushchev plans to do throughout the world.

The tendency after every crisis is to complain either that the intelligence reports of the United States were not adequate or timely, or that the United States has failed somehow to checkmate Soviet moves in the world.

Partisan politics and the hope for some advantageous issue from a political standpoint undoubtedly are back of most of the criticism, especially the mimeographed speeches and statements that flow from certain quarters in and around the Democratic membership of the Senate Foreign Relations Committee.

The doctrine that "partisanship ends at the water's edge," an American tradition, seems to have been replaced by an attitude which says, in effect, that any criticism of the United States — even if the Soviets pick it up for their own radio broadcasting — is good sniping in the game of politics-above-patriotism.

There are, of course, some critics, inside and outside Congress, who are not trying to be partisan at all but who find themselves baffled by world events to the point where they see only American surrender and appeasement as the way out.

THEY MISTAKENLY believe it will prevent American involvement in war, though history tells us a sure way to get into war is to emphasize constantly your own weakness and lack of resolve.

The main criticism seems to center on the charge that the United States should have foreseen the way things have shaped up in the Middle East. Just how is never made clear.

But the idea most widely advertised is that the United States should have taken Nasser unto its bosom and loaned him billions for the Aswan Dam, even though he indicated clearly beforehand that he intended to seize the Suez Canal and secretly got arms from the Soviets.

Sometimes it is argued by the hindsight critics that the Western allies never should have allowed the state of Israel to be created in the first place.

This is a favorite gripe, particularly among some people who want to continue to do business with the Arab countries and feel that it is expedient to apologize constantly for America's interest in Israel.

There never seems to be any inclination to search the real estate titles in the Middle East and

to go back far enough to discover that the people of Israel may possibly have lived there long before the modern Arab monarchies or colonies came into being.

WORLD WAR I took most of Asia Minor away from Turkey and enabled some new republics and monarchies among the Arabs to start up in business. But simultaneously Israel's right to existence as the Palestinian homeland was recognized in public declarations made by the foreign secretary of Great Britain and by the President of the United States.

The issue today isn't Israel, or Arabian supremacy, or colonialism, handy as it may be to toss slogans around that reflect the prejudices of the interested parties.

The real issue in the world today is the same as it was before World War I and before World War II.

It's whether a single power—an authoritarian government and dictatorship — shall threaten the peaceful life of the free democracies or true republics of our time.

Most of the international mischief perpetrated in the Middle East, the Far East, and inside Europe, Africa and North and South America — usually called "subversion" or "infiltration" — can be traced to an espionage apparatus of worldwide proportions financed and directed by the evil men in the Kremlin.

SOME OF THE CRITICS want a blueprint or an affidavit to this effect signed by Khrushchev before they'll believe it, although the intelligence reports are overwhelming.

Some glib critics still doubt that Iraq and Lebanon have been victimized by the Soviet spy rings. They call it just "a people's uprising" when the king and his family are murdered and their bodies mutilated.

What kind of "Arab nationalism" is it that not only assassinates kings and prime ministers but also drags through the streets the bodies of Americans deliberately removed from their hotel and killed? Wouldn't this be more realistically described as "Arab barbarism"?

There is only one way to keep the peace in the world. It would have saved us participation in two world wars.

It's to build militarily a strong alliance with Western nations that believe as we do, to say again and again that force will be used to secure respect for our rights, and to mean it.

That's the only positive policy America can pursue — to be ready to go to the "brink of war" and let the world know it. But such a policy cannot succeed if there's internal disunity and if kibitzers deride firmness as "brinkmanship" and thus weaken the hand of their own government.

Criticism is helpful always when it is constructive and there isn't any difficulty recognizing when it is and when it isn't.

Unity inside the United States and inside the Western Alliance is worth as much militarily as many divisions of troops.

Everything Brand New!

By TRUMAN TWILL

You've noticed it too — that nothing is hollyhooed any more because it is tried and true, only because it is new.

Even the companies that pay for the hollyhoo seem to be striving to give the impression of being fresh in the field.

Of all the things that are up for grabs in this country at all the bucks a buyer will bear, only whiskey is still supposed to be good because it has lost its raw edge.

Everything else is either a revolutionary new idea or an old revolutionary idea that has been "improved." The idea seems to be to avoid promoting anything that has been around long enough to be familiar.

But at one time it was the other way around.

People looked down their twitching noses at all upstart ideas, products and services.

They did not favor the idea of fooling with anything that hadn't been good enough for their fathers and mothers before them and their grandparents before that.

The only thing that lit their buying fuses was a guarantee that the stuff being sold was the same reliable merchandise they had been accustomed to buy in the same place since Hector was a pup.

All young doctors, dentists and lawyers expected to starve to death until their hair began to fall out.

Any whippersnapper with the audacity to go to market with a new product could expect to be cold-shouldered until his crazy idea had withstood the test of time. If it was still around in 10 years, his gadget might be given a 10-day trial, with no obligations.

Buildings were constructed to last until doomsday and so was everything else. Even as lowly an implement as a potato masher was handed down from mother to daughter, with instructions on what to do with it in case a son-in-law followed in a father-in-law's footsteps.

Scouring powders, home reme-

dies, household appliances, furnishings, banking facilities, theatrical attractions, paintings, books and ideas had to withstand the test of time before they were accepted.

Everything about society was anchored in the supposition that all things which were old were therefore good and to be preferred over all things that were new. The latter might turn out all right eventually but sensible people would wait to see before throwing away their money.

The madness that made newness for the sake of newness seem more sensible than oldness for the sake of oldness began to sweep the country after World War I. In fact, it was not more sensible at all, it was just more exciting. But it did wonders for turnover, which in turn did wonders for profit, which in turn did wonders for wages and so on. The newness madness was here to stay.

What it did not do wonders for was confidence and repeat-buying, not considered to be as important as they once were. As long as there is turnover, even a fellow with a new mousetrap that cannot catch mice can pitch himself a ten by the side of the road and snag his quota of customers.

Any time a house is only a shelter it isn't much of a home.

Enrollment Expected To Hit 1,235 In Columbiana Schools

COLUMBIANA — An estimated enrollment of more than 1,235 students is forecast by Supt. D. W. Bailey for opening of school here in three weeks. That compares

with a final June count of 1,185 in the last school year.

Classes begin here Sept. 3 with a full-day session scheduled. An all-day teachers' orientation meeting is set for Sept. 2.

The enrollment estimate shows 800 in the elementary grades and 440 in the high school. The senior class this year will be 57, down slightly from last year. Gayl Gloss, high school principal, estimates 71 juniors will be enrolled, 78 sophomores, 75 freshmen, 75 eighth graders and 82 seventh graders.

About 120 kindergarten children are expected and about the same number in the first, second and fourth grades. Third and fifth grades probably will have 105 pupils each and the sixth grade 110.

BAILEY POINTED out that the figures are tentative and can be changed by results of next week's registration of students newly moved into the school district. Registration will be held daily at the high school office.

Winners in the slide contest during the Columbiana Camera Club meeting Monday evening at the park were Walter Messersmith, Mrs. Helen McCoy, Robert Young Bill Arn and Miss Eleanor Copper-smith. There were 18 present for the meeting.

Cub Scout Pack 17 will hold a family picnic Aug. 22 at Arrow-head Lake to be followed with a camp-out for the youngsters. John Lak eis cubmaster.

WOMAN ELECTROCUTED

AKRON, Ohio (AP)—Mrs. John Hippert, 33, of nearby Cuyahoga Falls, was electrocuted Wednesday night when she picked up a plugged-in floor lamp while watering her back lawn with a garden hose.

Manhunt Ends With Capture Of Holdup Men In Ohio

LONDON, Ohio (AP)—Two Baltimore, Md., men, identified as the pair who held an elderly spinster and her nephew hostage in their farm home for more than 10 hours, surrendered meekly to London police today.

They were apprehended after an alert constable spotted one of the two, disheveled and mosquito-bitten, sitting in a London restaurant. The other man was picked up walking on a London street.

The capture ended an intense manhunt that began early Tuesday after two men robbed a Me-

chanicsburg man of his wallet and car.

The car later was spotted in London and a police chase began that ended with the auto being found abandoned and the men fleeing into fields south of here.

The pair arrested here were identified as Frank Driver, 19, and Leonard Benjamin, 30, both allegedly parole violators.

The manhunt got hot Wednesday night after 72-year-old Miss Laura Arbogast told authorities that two men had held her and her ailing nephew hostage all day in her

farm home six miles west of here.

The nephew, John Sinclair, 42, called the Madison County Sheriff's Office here as soon as he and his aunt freed themselves from rags and twine which the two men had used to tie them up before leaving.

Benjamin was the only one of the pair armed—he had a .32 caliber revolver and 25 bullets—although Miss Arbogast and Sinclair thought both men had guns when they entered the farm home.

Identification of the two men was completed with Miss Arbogast identified a watch which they had taken from her, along with \$20.

The men entered the Arbogast home about 10 a.m. Wednesday and didn't leave until around 8:30 at night.

Upon leaving, they were seen

by Miss Arbogast walking along the road toward South Charleston, six miles away.

It was in that Clark County village that the manhunt really got hot. The village was blockaded on all sides with roadblocks. Residents armed themselves.

It was reported that the pair was seen in a South Charleston restaurant-service station. When they ran out of there, officers from many counties closed in. But somehow the two evaded the net.

After their capture, the two were questioned in London Police Headquarters, then taken to Madison County Jail.

No charges were filed against them immediately.

Sheriff's Aid Evicts Sick Skunk From City

KANSAS CITY (AP) — Sgt. Ed Leahy of the sheriff's patrol had no trouble keeping the crowd at a distance, but he definitely needed help.

"Stop by a grocery and get a big box — and get a big stick or something and run him in the box," the order came over his car's radio. "And haul him out in the country," headquarters added as an after thought.

Finally, Wayside Waifs, Inc., a humane society was called.

Using a net and chloroform — both on long poles — society workers removed a sick skunk from under a bush in a residential area and carted it away.

A picture to be cherished. Pattern 757: transfer directions for picture, 16 x 19 inches; color suggestions. Done in simple stitchery that goes quickly.

Send 35 cents (coins) for this pattern — add 5 cents for each pattern for 1st class mailing. Send to the Salem News, 348 Needlecraft Dept., P. O. Box 169, Old Chelsea Station, New York 11, N. Y. Print plainly pattern number, name, address and zone.

As a bonus, two complete patterns are printed right in our Laura Wheeler Needlecraft Book. Dozens of other designs you'll want to order—easy fascinating handwork for yourself, your home, gifts, bazaar items. Send 25 cents for your copy of this book today!

at the home of Mrs. Briskin of 1449 Maple St.

THIRTY-ONE persons attended the 43rd reunion of Highland School Sunday at Highland Christian Church. A dinner preceded the business session.

Guests who came from greatest distance included Mrs. Eva Mauer of St. Petersburg, Fla. and Mr. and Mrs. Harry Vincent of Compton, Calif.

Officers for the next year are: President, J. Norman Muntz; vice president, Joseph Barnes; secretary-treasurer, Mrs. Charles Morlan; and corresponding secretary, Mrs. Weslie Hanna.

Organ music was provided by Mrs. Joseph Barnes.

Next year's gathering is planned for the second Sunday in August at the church.

EMERALD CLUB members met Tuesday evening at the home of Mrs. Larry Belich of 1584 Ridgewood Drive. Two new members, Mrs. George Thomas and Mrs. Gene Zepernick, and two guests, Mrs. Dennis Kleinman Jr. and Mrs. Steven Hoffman, were welcomed.

Prizes in the "500" games went to Mrs. Thomas, Mrs. Hoffman and Mrs. Joseph LaMonica. Lunch was served by the hostess, who was assisted by Mrs. Thomas.

Mrs. LaMonica of 214 W. Wilson St. will entertain the club Sept. 9 when the birthdays of members will be celebrated.

THIRTY-SIX MEMBERS of the Price family gathered Sunday evening for a reunion and supper at the home of Mr. and Mrs. S. C. Marlig of Benton Road.

John Price of MC 24, Salem was elected president; Raymond Martin of New Springfield, vice president; and Mrs. Barbara Munsell of RD 1, Salem, secretary-treasurer.

Other relatives joined the group in the evening. Out of town guests were from Youngstown, Columbiana, Petersburg, New Middletown, New Springfield, Leetonia and Struthers.

The group will meet again on Aug. 9 next year for a supper, the place to be decided by the officers.

THE 63rd ANNUAL reunion of the Whinnery family was held Sunday at Dunn Eden Lake.

A basket dinner was served, with Mr. and Mrs. Richard Gidley comprising the table committee.

Sixty-five persons were in attendance from New Kensington and Vernona, Pa., Warren Ind., Dayton, Massillon, North Jackson, Alliance, Medina and Youngstown.

Mrs. Charles Ingram of New Kensington, Pa. presided at the business meeting when the following officers were elected: President, Mrs. George Peterson; vice president, Mrs. Ola Keeler; secretary, Miss Alice Whinnery; treasurer, Glenn Whinnery; table committee, Mr. and Mrs. Richard Whinnery.

Correspondence was read from Mrs. Emily Pollard of El Segundo, Calif., Mrs. Ethel Whinnery Douglass of Seattle, Wash., Mr. and

THE JUMPER IS BACK IN FAVOR for campus life this fall and sweaters and skirts take on new lines. Big, bold plaids will make the trip back to college in many a suitcase. This plaid skirt (left) is cut slim and straight, has fringed hem. The trapeze takes shape (center) as a jumper in Cone corduroy. It's worn here with classic

cotton shirt in fine print. The lines of the bold plaid skirt in gold and blue (right) are also trapeze. The skirt is lined with pella to keep its shape, has slash pockets at front. Both skirts shown here are by Century. Sweaters for such skirts should be simple.

Hermine Streber's Betrothal Announced

Mr. and Mrs. Valent Streber of Berlin Center announce the engagement and approaching marriage of their daughter, Hermine, to John P. Vasil, son of Mrs. Elizabeth Vasil of Sharon, Pa., and the late John Vasil.

The wedding will take place at 10:30 a.m. Oct. 25 at St. Michael Greek Catholic Church in Farrell, Pa. A reception is planned for the evening at the CIO Hall on Salt Spring Road, Youngstown.

Miss Streber graduated from Berlin Center High School and attended Youngstown University. She is employed as a secretary by the Jackson-Milton Branch of the Mahoning National Bank.

Her fiancé served two years in the Army and is with the Montgomery Construction Co. and Associates.

In The Service

Conrad Wolfgang

Conrad W. Wolfgang, son of Mr. and Mrs. Clyde C. Wolfgang of RD 5, Lisbon, has been appointed gunner's mate of his recruit company at the Great Lakes, Ill., Naval Training Center.

He was chosen in recognition of leadership qualities displayed while undergoing recruit training. He is scheduled to graduate Aug. 16.

Marriage Licenses

John L. Snyder, 21, grinder, Lisbon RD 5, and Mildred L. Carlisle, 22, stenographer, Lisbon RD 1.

Ralph L. Conrad 23, laborer, Alliance, and Janet Muresek, 23, office worker, Alliance RD 5.

House Attempts to Break Farm Legislation Deadlock

WASHINGTON (AP) — The House, yielding to mounting pressures from the farm belt and cotton textile manufacturers, moved today to break the session-end deadlock over new farm legislation.

A compromise farm bill was ordered to the House floor and expected passage after a top-level political agreement to end the stalemate and to seek a compromise of farm differences with the Senate.

The result was expected to provide the Eisenhower administration with much of what it has demanded in the way of lower price supports and more flexible management of the farm program.

It would also forestall an impending cut in cotton and rice acreage which Secretary of Agriculture Benson has said would be disastrous to farmers.

Textile manufacturers faced higher cotton prices in the absence of legislation slashing government

price supports for the fiber. They would benefit from a gradual lowering of support levels and a corresponding decrease in market prices for cotton. Thus, they have been among the strongest backers of a compromise.

The end of the House deadlock was announced by House Speaker Sam Rayburn (D-Tex.), who earlier declared there would be no new farm bill in the House after two defeats and a presidential veto of farm proposals this year.

Republican overtures were accepted by House Democratic leaders, however, and Rayburn announced he was calling up at today's session a bill which he said "everybody will support."

In the Senate, Sen. Mike Mansfield (D-Mont.) said that without an agreement cotton state senators would keep Congress in session "until hell freezes over."

Mrs. Starbuck Named Teacher for Retarded Youth

The Salem Committee of the Columbiana County Council for Retarded Children, meeting last night in the Presbyterian Westminster House, approved the appointment of Mrs. Robert Starbuck of 337 E. 12th St. as regular teacher for the Salem School for Retarded Children which is held in Westminster House.

A mother of four children, one of whom is retarded, Mrs. Starbuck has personal interest in the school. Last year, she assisted the teacher, Mrs. Gordon Bennett, once each week with the music program at the school.

Mrs. Starbuck, the former Miss Margaret Nace of Cleveland, was graduated from Western Reserve University with a bachelor of science degree from the School of Education. Before her marriage she taught in the Cleveland and Mentor public schools.

Outlining the procedures she intends to follow, Mrs. Starbuck listed for the committee some of the projects she hopes to have students accomplish.

Nine students are enrolled for the fall term which will begin Sept. 4, and will follow the public school schedule except for the hours, which will be from 9:30 a.m. until 2 p.m. each day.

In accordance with state requirements, the class can accommodate 12 students. Any parents of retarded children from seven to 20 years of age, who would benefit from this special school, are urged to contact John Billiter, chairman of the local committee.

To be accepted, the child must have the mentality of a three-year old, must be able to walk and must be toilet trained, Mrs. Starbuck said.

The next meeting of the Salem committee will be Sept. 10 at 8 p.m. in Westminster House. The County Council will meet Aug. 26 at the First Presbyterian Church in East Liverpool.

Chrysler Aiming Court Action at Twinsburg

AKRON, Ohio (AP) — Chrysler Corp. aimed court action today at an unauthorized walkout at its Twinsburg stamping plant. It declared a serious delay is threatened in getting 1959 models into production.

The company said it was asking Summit County Common Pleas Court to enjoin the men engaged in picketing which began Monday.

Deaths, Funerals

William W. Bullard

COLUMBIANA — William W. Bullard, 73, of 253 1/2 S. Elm St., died at his home at 7:30 a.m. today of a heart ailment following an illness of five years.

He lived here for one year, moving from Leetonia.

He was born in Marshall Town, Iowa, March 31, 1885, a son of R. E. and Velona Spear Bullard. He married Henrietta Kirtland Aug. 10, 1918.

He worked at Leetonia Crescent Machine Co. for 30 years, retiring five years ago.

He was a member of the Leetonia Methodist Church.

His wife is the only survivor.

Funeral service will be Sunday at 2:30 p.m. at the Seedy-Bellhart Funeral Home here where friends may call Saturday evening.

The Rev. Robert Ferguson of the Leetonia Methodist Church will officiate.

Burial will be at Franklin Square.

Mrs. L. W. Leninger

Mrs. Hannah M. Leninger, 81, of RD 1, Leetonia, Salem Township, died suddenly of a heart ailment at 8:30 a.m. today at her home.

She was born in Berlin, Germany, April 22, 1877. On Feb. 22, 1898 she married Lawrence W. Leninger.

She came to the United States at the age of four years, and lived most of her life in Salem and the vicinity. She attended Emmanuel Lutheran church.

Besides her husband, she leaves a daughter, Mrs. J. E. Berry of Atwater; a son, Walter Leninger at home; 11 grandchildren; and 13 great-grandchildren. A daughter, Pearl Munsell, preceded her in death.

Services will be Saturday at 2 p.m. at the Arbaugh-Pearce Funeral Home, with burial in Hope Cemetery.

Friends may call at the funeral home Friday evening.

50 County Beekeepers Attend Final Meeting

LISBON — Fifty Columbiana County Beekeepers attended the last of three twilight meetings Wednesday night at the Russell Lemmon residence near Columbiana.

Four hundred pounds of honey was extracted, bottled and labeled at last night's meeting for the benefit of beekeepers in the county.

The meetings were planned by the Columbiana County beekeepers in cooperation with the Agricultural Extension Service.

GRANT ANNOUNCED
WASHINGTON (AP) — The Public Health Service announced it has granted \$250,000 to Gallipolis, Ohio, to help finance the city's \$1,499,492 sewage disposal project.

DISALLE VISITS IN LISBON — Michael V. DiSalle of Toledo, Democratic candidate for governor, is shown (second from left) as he attended a coffee hour at the Wick Hotel Wednesday. At extreme left is Stephen M. Young, candidate for U. S. senator, and at right are Don R. Gosney, county Democratic chairman, and Mayor John Todd of Lisbon.

Fire

(Continued From Page One)

she saw flames and smoke spouting from the roof of the barn at about 7:30 p.m.

The barn, which measured over 5,000 square feet, was still smoldering this morning.

The exact damage loss or whether the barn was covered by insurance were not ascertained.

Mr. and Mrs. Loudon are on a vacation in Michigan and could not be reached to be notified about the fire.

HARTFORD APPOINTED
EAST PALESTINE — Attorney Robert S. Hartford of East Palestine has been appointed to the Local Government Committee of the Ohio State Bar Association by Attorney William R. Van Aken of Cleveland, president.

DIES OF STROKE
NIAGARA FALLS, Ont. (AP) — Mrs. Elizabeth Ann Worthington of Pleasant City, Ohio died Wednesday in a Niagara Falls hospital. The 81-year-old woman had suffered a stroke a week before.

SECRETARY-TREASURER NAM
PORTLAND, Ore. (AP) — Mrs. Gertrude McCain of Celina, Ohio, was named secretary-treasurer of the National Assn. of County Recorders and Clerks at its annual meeting here.

Bowling League Session Scheduled In Lisbon

LISBON — A meeting of the Mixed Doubles Bowling League will be held Friday at 8 p.m. at Hawkland Bowling Center.

Anyone interested in bowling in the league is requested to attend. Last year a number of East Liverpool and Salem couples bowled in the league.

There will be two couples to a team. Persons interested may call league president William Grate at (HA 4-5208); secretary, Meretta Ikert, (HA 4-5920) or Hawkland's Proprietor, Dick Stockman, (HA 4-7563).

Education

(Continued From Page One)

additional grants up to \$500 a year based on need.

The effect of Cooper's amendment was to reduce the estimated cost of the scholarship program from 280 million dollars to 80 million.

Sen. Lister Hill (D-Ala.), chief sponsor of the bill, was joined by Senators Gordon Allott (R-Colo.) and Hubert Humphrey (D-Minn.) in fighting Cooper's amendment.

They argued that reducing the amount of the scholarship awards to \$250 a year would defeat the purpose of encouraging students to study harder and take tougher courses, and spurring schools to improve their curricula.

DiSalle

(Continued From Page One)

were given a half day off to attend the picnics at the expense of taxpayers.

Young told the gathering he would not serve as a lobby for railroads and public utilities if a lobby "for the public."

Also attending the meeting, one of several stops in a one-day caravan tour of the 16th and 18th congressional districts, were Mark McElroy, nominee for attorney general; John Donahue, nominee for lieutenant governor; Merrill Brothers, candidate for supreme court, and John Donahue, a candidate for court of appeals.

County office candidates also attended. Mayor John Todd of Lisbon introduced DiSalle. Don R. Gosney, county Democratic chairman, was present.

DiSalle also spoke at dinners in Steubenville and Martins Ferry Wednesday.

KILLED IN ACCIDENT
SOMERSET, Pa. (AP) — Margaret Fry, 41, of Akron, Ohio, died Wednesday in Somerset Community Hospital of injuries suffered in an auto-truck accident near here Sunday night. The accident killed her son, Robert, and a friend, Robert Devoll, both 19.

their operatives at Shannon — as roughly 1,000 miles west of the Irish coast.

A KLM airline spokesman said in New York the plane was not due at Gander until 8 a.m. EST.

A KLM official said sunspot activity might account for the loss of radio contact. But Pan American World Airways said its radio communications over the Atlantic was normal and it had no reports of sunspots.

Operatives in the Shannon Airport control tower said the final contact with the big plane was 3:40 a.m. (10:40 p.m. Wednesday EST).

They said it left Shannon at 2:05 a.m.

London Airport broke out an international alert over the Atlantic. Terse messages went out to all planes and ships to look for the plane.

A KLM spokesman at Amsterdam said:

"There is still hope."

The airline said the plane had enough fuel to remain aloft until 10:30 a.m. EST. The airline said passengers aboard the plane were of various nationalities.

LEETONIA

Fred G. Spatholt Retires
After 54 Years In Business

LEETONIA — Fred G. Spatholt of Spatholt's Hardware announced his retirement today after 54 years of association with the hardware trade.

Mr. Spatholt began his career in 1904 as a clerk in the store under the partnership of his father, C. J. Spatholt and an uncle, John G. Spatholt.

Saxbe Begins
Campaign
For Reelection

MECHANICSBURG, Ohio (AP) — As modern as "Seventy-six Trombones" and as old-fashioned as a torchlight parade, Atty. Gen. William Saxbe's 1958 election campaign got off the ground Wednesday night in a cloud of dust and a sea of mud.

It was the biggest thing this Champaign County village of 2,000 population has seen—according to one resident—since the Blaine campaign in 1884.

The Republican attorney general, seeking his second term, chose his west-central Ohio hometown as the site of his campaign kickoff.

The campaign parade started at his home and cut straight through to the old fairgrounds northwest of the village.

Midway, 30 torchbearers joined the parade along with a similar number of volunteers carrying red fire. Also three bands.

Along the way, it appeared that every Mechanicburg resident turned out to watch the parade escorted by young ladies on horseback.

The parade moved at a snail's pace. The dust clouds as the procession moved into the fairgrounds soared above the range of headlights into the murky night.

It was just what Saxbe had hoped for, an old-fashioned political parade on a sweltering summer night.

What did Saxbe say when a crowd estimated at 3,000 finally gathered to listen?

This reporter cannot say first hand. He got stuck in the mud while trying to make the simple maneuver of turning his car around to allow for a quick getaway after the meeting. By the time the car was freed, the speeches were over.

Salineville

Mr. and Mrs. Robert Baumgartner and children Charles and Beth of Rocky River visited relatives here over the weekend.

Mrs. Besse Deever of Cleveland visited relatives here over the weekend.

Miss Grace Hart of Church St. visited in Steubenville Saturday evening.

Mr. and Mrs. Neal Strabley and Mrs. Berdina Glee of Salem visited Saturday with Miss Myrtle Strabley.

Mrs. John Hurley of Water St. is ill at her home.

A public card party for the benefit of improvement of St. Patrick's Catholic Church will be held Saturday night at 8 at the parish hall. A country store will be sponsored and refreshments will be served.

In charge are Miss Marilyn Sweeney, Mrs. Clifton Rhodes and Mrs. James Drugan.

The store occupied approximately 3,000 square feet of floor space in 1896 in comparison with 15,000 square feet today.

Fred became part owner in 1920. In 1934, a partnership was established with C. J. Spatholt and sons, Fred and Arthur. Since 1950, the brothers operated the business until Mr. Spatholt's retirement. Arthur Spatholt will continue to operate the 62-year old business.

Mr. Spatholt is serving his 12th year as president of the Peoples Federal Savings and Loan Company. He has taken an active part in community projects and is a member of St. Paul's Lutheran Church, the Masonic Lodge and the Order of the Eastern Star.

When asked about his future plans he stated: "I hope to do some fishing and a little traveling." He will also assist his wife in the flower garden.

He moved to Leetonia when six years of age. He is married to the former Frieda Chellis of Leetonia and resides at 430 Somers St.

THE REGULAR meeting of the Ladies Auxiliary of the Eagles was held Monday evening.

Members planning to attend the district picnic at Craig Beach Saturday are asked to register. There will be free rides for Eagles from 2 to 6 and dancing from 7 to 10 p.m. Prizes will be awarded.

The Lodge Charter was draped in memory of Birdie Gifford.

Mrs. Josephine Longbottom won the door prize. Mrs. Hazel McClish received the special prize. Lunch was served by Mrs. Selma Hall. The next meeting will be Aug. 5.

The Woman's Auxiliary of the K. of C. will sponsor a card party Sunday evening for the benefit of the Cemetery Fund. The public is invited. There will be prizes and lunch will be served.

Mr. and Mrs. Albert Cox of Clifton, N.J. are visiting his mother, Mrs. Rosa Cox.

MRS. ROYCE BRIGGS entertained the Skip-a-Week Club Monday. Prizes were won by Miss Jessie Nicolette, Mrs. Twila Dermotta, Mrs. Pat Mancuso and Mrs. Raymond Wetzel.

Miss Nicolette was a guest. Mrs. Vernie Kitchen of Columbiana will entertain in two weeks.

The Past Noble Grand Club will meet at the home of Mrs. Raymond Baker on Lisbon St. Monday evening.

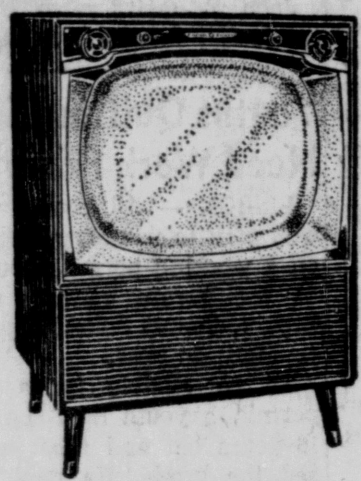

The Sunday School Association of St. Paul's Lutheran Church will meet in the Church Parlor Aug. 20 at 8 p.m.

3 Remain In Ladies
Golfing Tournament

Mrs. Joseph W. Greenwood will play Mrs. Edward Pukalski Friday at 1 p.m. in a semi-finals match of the Ladies Golf Tournament at the Salem Golf Club.

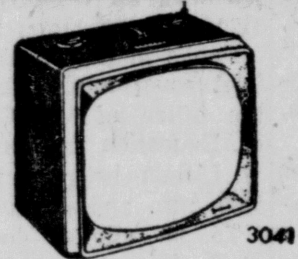

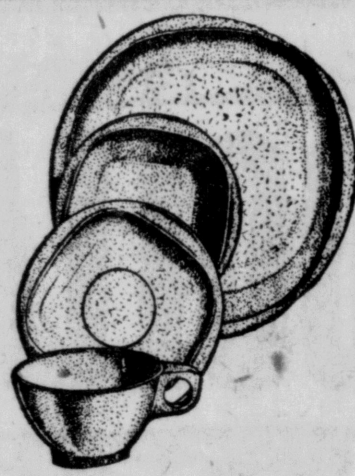

The winner will play Mrs. John Gonda for the club title Sunday at 12:30 p.m. Mrs. Gonda defeated Miss Margie Stewart in the other semi-final match.

Mrs. Pukalski had beaten Mrs. Harold Hoperich to gain one of the four semi-final berths. Other quarter final winners which advanced them into the semi-finals were: Mrs. Greenwood over Mrs. Stanley Gurney, Mrs. Hoperich over Mrs. George Walker and Mrs. Gonda over Miss Joanne Crawford.

Youths Quitting School Need Work Permits

LISBON — All county students who plan to withdraw from school on a working permit should apply for the permit between now and Sept. 1, County School Supt. James L. McBride said.

To be eligible for a working permit, a youth must be at least 16 years old and must have passed the grade. He must have a job with an employer willing to sign the application for permit.

Pupils in the county school district must apply for permits to the office of the County Board of Education in the Courthouse at Lisbon between the hours of 8:30 a.m. and 4 p.m.

To be eligible to enter first grade this year, pupils must be six years of age on or before Nov. 1, Mr. McBride said. No exceptions will be made, he said.

News want ads bring hundreds of calls daily! The phone is ringing! Right now.

Highway Department Files Two Easements

LISBON — Two more easements for land needed for improvement of Rt. 164, south of Lisbon, were filed by the Ohio Department of Highways in Common Pleas Court Wednesday.

One action involves Willis and Mabel Doyle of Lisbon Rd. 1, the Firestone Bank of Lisbon and the Columbiana County treasurer.

The state has offered \$369 for 15-acre of property and \$880 for the damages to the residue, or a total of \$1,249.

In another case, involving Emma B. Carlisle, Frank and An-

gela Koepe of Lisbon Rd. 1 at the county treasurer the state offered \$139.70 for property and \$ for damage to the residue, a total of \$214.70.

Officer Election Set By Goshen Grangers

Election of officers will be held at the Goshen Grange meeting Friday at 8:30 p.m.

The youth of the grange will sponsor a penny supper following the meeting.

The lime produced in northwestern Ohio is the purest dolomite known throughout the world.

THERE'S NOTHING LIKE A DAME—IN A SACK—Sack dresses are as corny as Kansas in August, according to the quartet above striding along in Topeka, Kan. They're staging their own protest against the current shapeless mode. Their dresses, as stylish as any couturiere's creations, are homemade, of ordinary burlap sacking.

Balloon Builder, Researcher Injured As Gondola Crashes

ASHLAND, Wis. (AP) — The crash of a training balloon gondola Wednesday night injured a balloon builder and an Air Force researcher who was preparing for a solo flight to test man's reaction to isolation in space. The test was postponed.

Capt. Grover Schock, 32, and Otto C. Winzen, 40, suffered extensive injuries when their open

gondola plunged 100 or more feet to the earth after they cut loose from the balloon as it headed out over Lake Superior. They apparently released the ball-shaped gondola rather than be blown over the water in darkness. They smashed into a pasture half a mile inland when the gondola's parachute failed to open.

Their fall was witnessed by a police officer, a waiting ambulance crew and two men in a plane sent aloft to follow the balloon.

Mrs. G. E. Terwilliger, on whose farm the crash occurred, said, "There was a terrific thud when the gondola came down 100 yards from our house."

She said the balloon had been flying low, dragging a line that came close enough to grab.

"I saw the balloon pass behind a grove of trees and while it was out of sight I heard a loud report. Then the balloon climbed into the sky without the basket."

Schock, a space biology specialist, was cut under the chin from one side of his face to the other. He also suffered back and possible internal injuries. He was in critical condition but showing improvement, according to Capt. George Ruff, an Air Force physician treating him at St. Joseph's Hospital here.

The physician said Schock could not be moved to determine the full extent of his injuries. Assigned to Holloman Air Force Base, N. M., Schock was raised in Galesburg, Ill.

Winzen is president of Winzen Research, Inc., Minneapolis, builder of plastic balloons for experimental purposes. He is in good condition, but suffered two broken ribs, a fractured right arm and back injuries. He will be hospitalized for several weeks.

M. Lee Lewis, former Navy balloonist employed by Winzen, said it was the first accident resulting in injuries during the 12-year history of plastic balloons. The pair had ascended from St. Paul, Minn., 175 miles southwest of Ashland, Wednesday morning. The flight was made so that

Winzen could qualify Schock for a stratosphere takeoff.

Schock was scheduled to start his 20-mile-high flight Thursday morning from an open pit mine near Crosby, Minn.

An Air Force officer said in Minneapolis that the flight had been postponed indefinitely, but will be carried out at some future date with a replacement for Schock if the officer is not able to make it.

DiSalle Puts Spendthrift Tag
On O'Neill's Campaign Picnics

COLUMBUS, Ohio (AP)—Democrat Michael V. DiSalle puts a spendthrift tag on Republican political picnics in the campaign for governor.

He estimates a series of 11 picnics staged by Gov. C. William O'Neill, Republican incumbent, cost at least \$200,000.

That contrasts, he said, to break-even feasts during the Democratic caravan tours through 70 counties.

Republicans remain mum about the number of guests served at the O'Neill picnics and how much they cost. Dale Fulton, governor's aide on leave to GOP state headquarters, termed DiSalle's estimate out of line.

But DiSalle said two major catering firms in Ohio estimated it would cost them at least \$2 a plate to duplicate the menu served at O'Neill picnics by a Columbus catering company.

He said the cost of renting chairs, tables and other equipment for the picnics would be additional.

Republicans distributed thousands of picnic tickets bearing a \$2 price tag. But DiSalle observed: "The scarcest thing in Ohio is \$2 for a ticket."

"We have had many comments from Republicans," he added, "asking why O'Neill embarrasses the party by use of these tactics."

"I never remember them saying they were in trouble from the primary on. Then they spend \$200,000. Either they were in trouble and need this kind of thing or they are trying to get a reputation for Ohio's greatest spendthrifts."

Commenting on an offer by O'Neill's caterer to serve Democrat gatherings for less than a dollar a plate, DiSalle said: "Even if we had that kind of money, we wouldn't do it."

Robert Johnson of Johnson's Industrial Caterers, Inc., Columbus, wrote DiSalle as follows:

"Our company has been serving Gov. O'Neill picnics this summer throughout the state. We have served similar parties for large manufacturing firms and are quite sure we could do the same good job for you...."

"Sample menu, same as we have been serving Gov. O'Neill: roast beef, baked ham, corned beef, salami, assorted cheese, baked beans, potato chips, coffee, cookies, relishes, bread and buns

"Price: in groups of 6,000 and

over 85 cents per person, in groups of 3,000 and over 95 cents per person....

"Please keep in mind that our company is in the catering business and definitely not in politics."

Johnson said he wrote DiSalle because he didn't want to be considered a Republican caterer. "We are in the catering business,"

the Democrats' money is just as good as the Republicans so far as I am concerned," he asserted.

Herron's Truckers Capture District Softball Title

Kline Beats Russell; Winners Advance Into Toledo State Tourney

The Herron Transfer team, after being tossed around like a watermelon in the city Class AA league came through Wednesday night when the blue chips were on the table as they defeated Scott's Candy 5-2 to win the Ohio District 14 championship.

For the eighth time in eight games in two softball tournaments, Leo Kline was the winning hurler for Herrons allowing but two hits. The club compiled a 5-2 mark in Columbiana County play being defeated by Scott's Candy 11-2 in the finals. Kline won all five games during that meet while the club's losses were chalked up against Shine Kozas and Glenn Mercer.

In district play, the team was 3-1. Kline won all three games here with Mercer again being tagged with the defeat. Herrons lost to Smithfield 11-7 in their first start but behind Kline came back to defeat Smithfield 10-9 and 5-2.

As a result, the team will move on to Toledo to compete in the state wide tournament with other district winners.

The sixth-place 'AA' team won over a tough cookie however when they defeated Wayne "Muscles" Russell Wednesday night.

The winners got but five hits in scoring two runs in the first and adding a clinching three tallies in a big sixth frame.

Scotts registered single scores in the fifth and sixth.

Herrons took a 2-0 lead in the first frame on Benny Roelen's walk, a double by Jim Beard and an infield error.

Scotts got one in the fifth as the result of an infield error.

Things looked difficult for the Cinderella club in the sixth when Ken Schoeni of Scotts picked out an offering by Kline and sent it over the left field fence to knot the count at 2-2. It was Schoeni's fifth blast of the year in tourney and league play.

The victors sealed their Toledo

excursion in the sixth with a trio of tallies on four hits. Beard's triple, Kline's double and a two-run single by Toots Hrvatin did all the damage.

Beard was the big stick for Gail Herron's aggregation with a double and triple while Kline knocked out a double himself.

Schoeni's homer and a first-inning triple by Jim Barnes were the losers only raps.

Two Class AA league games Old Dutch beat Hanoverton and a single Class A contest were played prior to the district game. 2-1, Bayard Grange nipped Stephanie's Tavern 5-4 and Fireside Inn edged Tolsons 6-5.

Hank Miller beat Joe Vogelhuber in the Old Dutch win.

Big Sam Pridon collected three for three for the winners including a double.

Hanoverton got only two hits. Bill Ehrhart bested Glenn Mercer as Bayard won over Stephanie's. The winners had eight hits and the losers five.

Let Hayam had three for four and Barber two doubles in three trips for the winners while Dick Dougherty had a single and double for the losers.

Ron Wyss won over Gerry Fowler as Fireside edged Tolsons.

Frank Faulkner had three hits in five times for Fireside while Wyss had two doubles and a single.

Ninowski No. 2 Quarterback For Paul Brown Behind Plum

HIRAM, Ohio (AP)—The Cleveland Browns have committed themselves to rookie Jim Ninowski of Michigan State as their No. 2 quarterback, behind Milt Plum.

Golfer Gets Hole In Nothing With An Ace

SPOKANE, Wash. (AP) — A California golfer got a hole in nothing.

Nick Nardolillo of Spring Valley did it Wednesday on the Esmeralda Course during the pro-amateur warmup for the National Senior Open. A 17-handicap golfer, Nardolillo got one stroke on the par 3 dillio hole. He picked out a No. 3 wood and whacked the ball into the cup 208 yards away.

Because Nardolillo had a handicap stroke, the eighth hole was duly registered on both scorecard and score board as a "0".

All-Stars To Utilize Double Unit Backfield

CHICAGO (AP)—Using a double-unit backfield, the College All-Stars will try to outpace and outrun the Detroit Lions Friday night.

That is more than most of the National Football League clubs could do last year.

It is such a tall order the odds-makers think the All-Stars won't come within 13 points of winning.

The pro kings will be shooting for their 16th decision in the series. Their last defeat came when the Cleveland Browns lost 30-27 in 1955.

The ex-collegians have seven victories. Two games were tied.

The step was made even though Ninowski still is in the College All-Stars camp. He has had a brief appearance at the National Football League club's training camp here, however. Coach Paul Brown held a quarterback school before the training season opened, and was favorably impressed by the rookie's work.

"And Dick Gallagher (assistant coach) had a high report on him from the All Star coaches," said Brown. "So we'll sink or swim with Plum and Ninowski."

For their exhibition game Saturday night in Akron with the Pittsburgh Steelers, Plum will do most of the work. Defensive back Bobby Freeman has kept up to date on the Browns' offense, and having been a passed at Auburn, can fill in if needed. He will be Plum's understudy until Ninowski learns the Browns' plays.

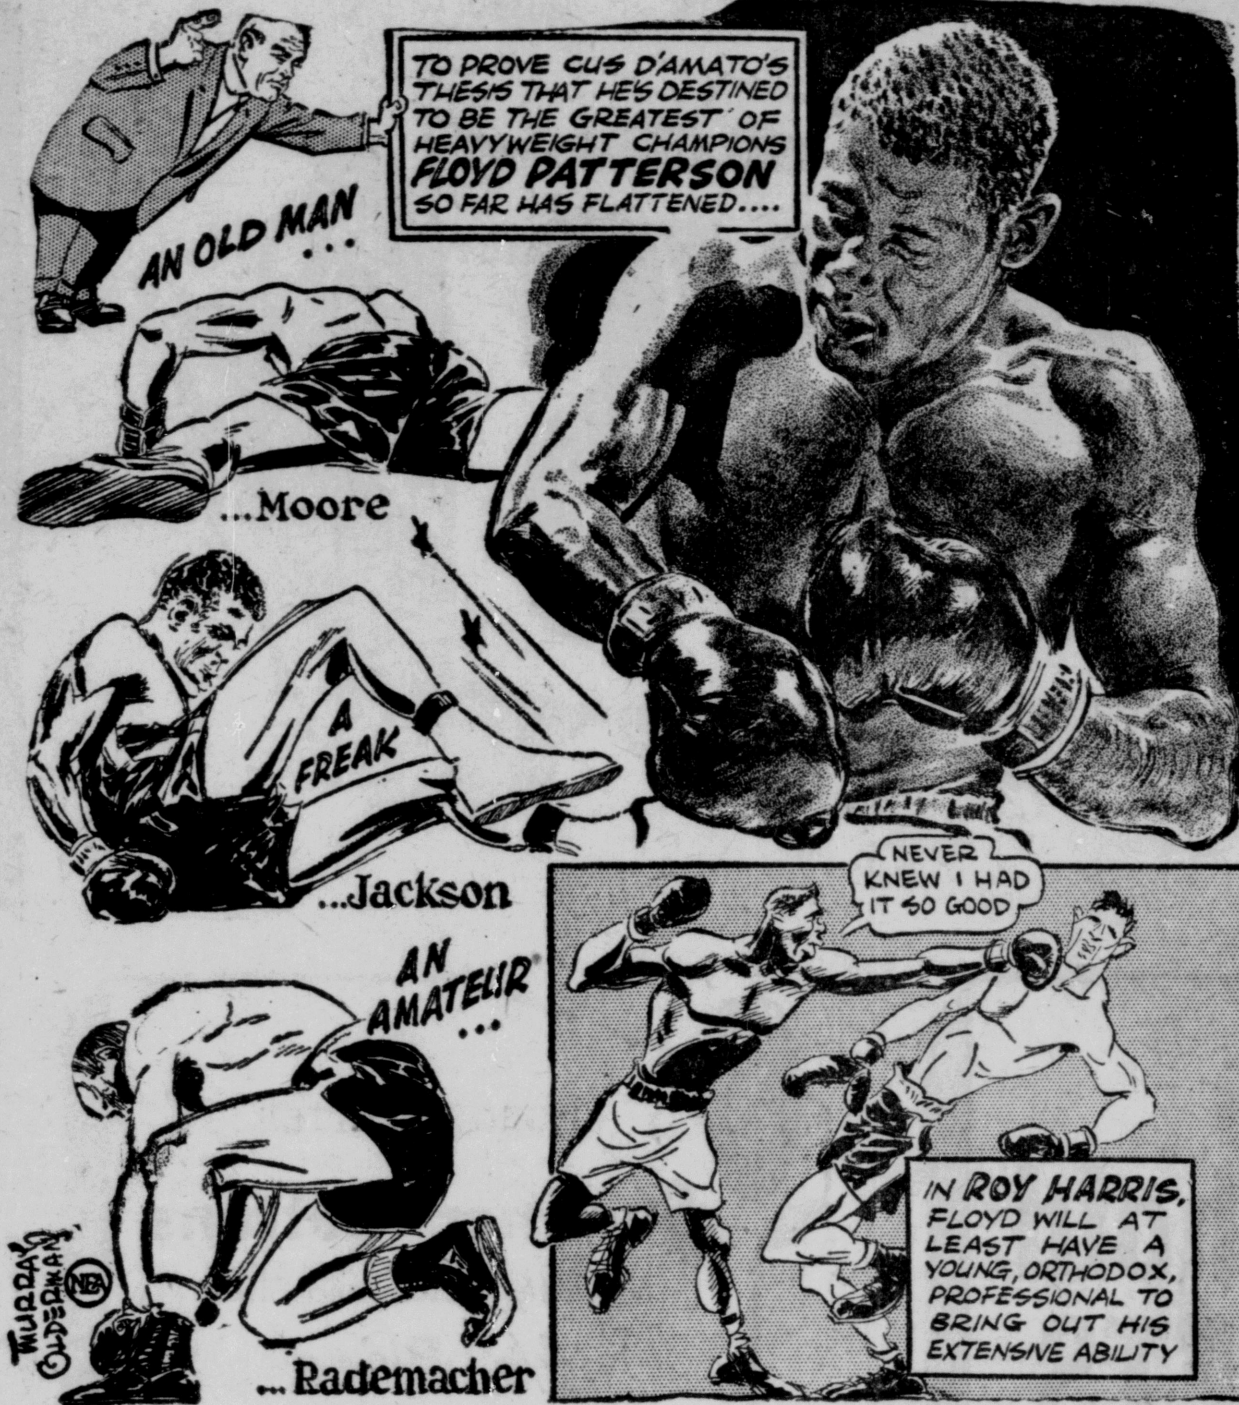

The sink or swim decision resulted in the release of Jim Haluska, former University of Wisconsin quarterback. He came to the Browns last year on a trade with the Chicago Bears. He had a brief tryout then.

Haluska was not mobile enough to be very impressive in last Saturday's scrimmage, while Plum was away on an army reserve assignment.

So Brown decided to let him go while there still was time to try for a job with another club. Haluska said he might try for a Canadian football job.

Hitting — Gene Woodling, Orioles, drove in both runs with a pair of singles and also doubled in 2-1 victory over the Red Sox.

IT'S AN IMPROVEMENT

Bucs Win 7th Straight

Braves Increase NL Lead To 5 1/2 With Double Win Over Redlegs

The Reds are keeping the Milwaukee Braves in the black in that National League pennant race.

After losing a two-game series at Pittsburgh, the Braves got well again at Cincinnati Wednesday night, sweeping the Redlegs 9-2 and 4-2 in a two-night doubleheader. That gave the world champs, who were 18-4 against the Reds last season, a 10-3 record against Cincinnati and a 5 1/2-game lead over the pesty Pirates, who outlasted Philadelphia 10-9.

The Bucs now have won seven in a row — their longest success story since 1949, when they won eight straight.

Third-place San Francisco rapped St. Louis 11-2, and Los Angeles escaped the cellar

(while Cincinnati tumbled in) by beating the Chicago Cubs 6-5 in the other NL games.

In the American League, Washington defeated New York 9-4; the Chicago White Sox split a two-night pair with Kansas City, winning 6-5 after a 2-1 defeat in 11 innings; Baltimore beat Boston 2-1; and Detroit swept a two-nighter at Cleveland 6-2 and 3-2.

A pair of solo, sixth-inning home runs by Ed Matheys and Andy Paiko bagged the nightcap for the Braves as Lew Burdette won his 12th with a six-hitter. Starter Alex Kellner gave up both blows for the loss.

Joe Adcock's two-run 15th homer put the opener out of reach in a three-run first inning against Joe Nuxhall (9-9). The Braves

then made it a rout with six in the eighth, with winning pitcher Juan Pizarro and Paiko each hitting two-run singles.

The Pirates rushed to a 6-0 lead in two innings on a pair of two-run homers by Bob Clemente and Bill Mazeroski's one-on shot off loser Jack Meyer (1-6). Ted Kluszewski hit two doubles and a triple.

Bob Smith won his first, in relief, but Vern Law had to get the final out after the Phils, who closed the gap on a pair of pinch-hit, three-run homers by Rip Repulski and Bob Bowman, scored another three in the ninth, two on Willie Jones' homer.

Two New Coaches Signed

First High School Grid Practice Slated For Wednesday Morning

The 1958 Salem High School football team will hold its first practice at 9 a. m. Wednesday, Head Coach Earl Bruce, announced today.

At the same time Bruce extended an invitation to all boys interested in playing football to report at 10 a.m. Monday to the dressing room at Reilly Stadium for physical examinations.

Following the exams, practice uniforms will be given out with the "game" togs to be presented the griders beginning at 9 a.m. Tuesday.

Pictures of the squad in game uniforms will be taken at 2 p.m. Tuesday at Reilly Stadium.

The first day of rehearsals Wednesday will begin with a team meeting in the conference room at 8:30 a.m.

The boys will then take to the field from 9 to 11 a.m.

Two-day drills which will run through Labor Day will be held in the mornings and evenings.

The second session Wednesday will start with another meeting in the conference room at 5:30 p.m.

The team will then practice on the field from 6 to 8 p.m.

The sessions will continue twice a day from 9 to 11 a.m. and from 6 to 8 p.m. until Labor Day.

When school starts Sept. 4, the drills will be cut to once a day. Two new coaches will be viewed in the Salem football scene this fall. They are John Baker of Salem and Bob Reiber of Cumberland, Md.

Baker, a local man and a 1958 graduate of Miami University, will coach the defensive ends and offensive tackles.

He earned three football letters at SHS and was captain his senior year. He won two monograms while at Miami.

He'll teach fourth grade at Reilly school.

Reiber, who just graduated from Fairmont State College in West Virginia, will tutor the offensive ends and defensive tackles.

Reiber, 22-years old and single, played four years of football in college and was named as an end one year on the all-conference team of the West Virginia Intercollegiate Conference.

While at Allegheny High School in Cumberland, Md. he lettered in football, basketball, baseball and track.

He holds an AB degree in Education and will teach math and science at the junior high school.

Reiber along with Blaine Mor-

ton, another line coach, are both graduates of Fairmont College.

What is more significant is that Reiber and Morton along with head man Earl Bruce, all attended Allegheny High in Cumberland.

Salem will be one of 10 teams that will take part in the 1958

preview to be held in East Liverpool Sept. 5. Games will consist of two eight-minute periods.

They'll play Lisbon at 8:30 p.m. other games are: 7, Leetonia vs. Newell, W. Va.; 7:30 Salineville vs. Beaver Local; 8, Columbiana vs. Toronto; 8:30, Salem vs. Lisbon and 9, East Liverpool vs. Wells-

Junior Legion Baseball Meet Moves Down Home Stretch

COLUMBUS, Ohio (AP) — The Ohio American Legion Junior Baseball Tournament heads down the home stretch today with seven of the original 14 teams still alive.

Most of the attention centers on today's clash between Scioto Post No. 604 of Columbus and the Cincinnati Bentley Post, winner of last year's state and national championships.

Columbus and Cincinnati are the only teams thus far that have remained undefeated in this year's double elimination contest.

Columbus scored its third straight one-run victory Wednesday by choking off an Akron rally in the bottom of the ninth for a 4-3 decision. Cincinnati edged Celina 7-5.

Still in the running with one loss apiece are Celina, Akron, Steubenville, Lancaster and Newark. They fight among themselves and the survivor will face the winner of the Columbus-Cincinnati game.

Eliminated from the contest were Portsmouth, Defiance, Euclid, Elyria, Piqua, Warren and Zanesville.

In morning games Wednesday, Newark eliminated Warren 7-2, Steubenville eliminated Euclid 5-4

and Lancaster eliminated Portsmouth 13-3.

Line scores for Wednesday's afternoon games:

Celina	100 000 10-5 9 4
Cincinnati	400 003 00x-7 9 1
Dill and Brandon; Tepe, Schulte	(8) and Paschka.
Columbus	001 101 010-4 6 3
Akron	000 200 001-3 5 2
Brownfield, Alspach (9) and Newland; Bauer, Seebach (3), Adolph (4), Seebach (5) and Ram-schell.	

Pitching — Ned Garver, Athletics, gave up seven hits while going all the way and blanked the White Sox over the last seven innings for a 2-1, 11-inning victory in the opener of a two-night double-header. The White Sox won the nightcap 6-5.

Washington Wins 9-4 Over Whitey Ford

Yankees Lead By 14½; Boston Tied For 3rd

By The Associated Press
A couple of patsies had themselves a ball Wednesday night in the American League.

The Washington Senators, who hadn't beaten Whitey Ford in almost four years, rapped the New York Yankees' stubby southpaw ace but good in a five-run eighth for a 9-4 victory.

And the Baltimore Orioles, who had lost seven in a row to Frank Sullivan of Boston, beat the big right-hander for the first time since Sept. 9, 1956, with a 2-1 victory over the Red Sox.

These turn-arounds cut the Yankees' lead to 14½ games over second-place Chicago and dumped Boston into a third-place tie with Detroit. The White Sox split a two-night pair with Kansas City, winning 6-5 after an 11-inning 2-1 defeat. The Tigers swept two from Cleveland 6-2 and 3-2.

In the National League, the Milwaukee Braves took two from Cincinnati, 9-2 and 4-2, and moved 5½ games ahead of Pittsburgh, although the second-place Pirates stretched their winning streak to seven with a 10-9 victory at Philadelphia. San Francisco rapped St. Louis 11-2 and Los Angeles defeated the Chicago Cubs 6-5.

Ford, now 14-6, last lost to Washington Sept. 20, 1954. He had won 12 in a row since, three this year. Roy Sievers, the defending champ, tied Mickey Mantle for the AL lead with his 33rd home run, a two-run shot in the fourth.

Eddie Yost and Clint Courtney

also homered for the Nats. Courtney's also was a two-run blow, capping the big eighth that bagged it after Norm Siebern and Hank Bauer had hit successive homers for a 4-3 Yankee lead in the sixth. Truman Clevenger (7-8) won it in relief.

Gene Woodling drove in both Oriole runs, breaking up a 1-1 tie with a single in the fifth. Arnie Portocarrero (12-7) made it five straight over Boston with Billy O'Dell's relief help.

Harry Simpson's home run won the opener for the A's, ending Dick Donovan's winning string at six. Ned Garver won his 10th with a seven-hitter, although walking six.

The White Sox nailed the nightcap with two out in the ninth on Billy Goodman's bases-loaded single off losing reliever Bob Grim. Bob Shaw won it in relief after the A's chased Jim Wilson in a five-run fourth capped by Roger Maris' grand-slam home run.

Herb Moford allowed only three hits in the nightcap at Cleveland. He gave up a home run to Vic Power and a double and RBI triple to Rocky Colavito, the Injun outfielder who worked three hitless, shutout innings of relief in his pitching debut. Coot Veal's sacrifice fly tagged Hoyt Wilhelm with his sixth defeat in the seventh inning.

The Tigers took the opener with seven consecutive hits in a five-run fifth inning.

SKI-DADDLIG—Airborne on one slat, Nancie Rideout kicks up spray at Cypress Gardens, Fla. The nifty miss won the Dixie title and the New Orleans championship and is sharpening up for the national tournament in Georgia and additional glory.

Foreign Schools Appealing To State's Football Stars

CANTON, Ohio (AP) — Foreign fields look greenest to the majority of Ohio high schools' all star football players.

Of the 50 players appearing here Saturday night in the 13th annual North-South scholastic contest, only 21 have decided to enroll in Buckeye colleges.

Seven are still undecided but 22 are definitely committed to out-of-state institutions.

Ohio State University gets seven of the players, including five backs, an end and a guard. Nebraska is next with five. Four will attend Cincinnati and three will go to Miami at Oxford.

Out-of-state recruiters did a better job in the north than among the Rebel players. Only six of the upstate squad will attend Ohio colleges while 16 will go over the border. The Rebels will send 15 to Ohio colleges and six abroad.

Here is where they are going, and their weights and all-star assignments, with the symbols "N" for North and "S" for South:

Ohio State—backs Paul Martin, Canton McKinley (185-N), Jack Wallace, Middletown (220-S), Brice Hess, Mt. Vernon (175-S), Bob Lister, Marion Harding (185-N), and Bob Ferguson, Troy (202-S); end George Whitmer, Cincinnati Purcell (108), and guard Jerry Harbin, Marion Harding (210-N).

Cincinnati — centers Jerry Bell, Cincinnati Roger Bacon (195-S) and Don Ross, Lancaster (190-S); back Hurdie Phillips, Cincinnati Central (166-S); and guard Tom Reinstatler, Cincinnati Elder (180-S).

Miami—tackle Roger Vorherr, Cincinnati Western Hills (240-S), and quarterback Jack Gerhart, Fairborn (185-S).

Dayton — back Jerry Schmidt, Cincinnati Roger Bacon (170-S). Akron—guard Owensby Pearson, Akron South (170-N).

Kent State—tackle Bill Kebrdle, Painesville Harvey (196-N).

Muskingum—back Dave Cunningham, Steubenville (165-S).

Ohio U.—end Charles Rossiaki, Columbus North (170-S).

Ohio Wesleyan—back Del Stumbo, Delaware Olentangy (175-S).

Otterbein—tackle Bob Douglas, Mifflin (210-S).

Xavier — tackle Mark Kracker, Canton Central Catholic (190-N).

Nebraska—backs Marvin Spencer, Youngstown South (165-N), and Fred Henning, Toledo Devilbiss (170-S).

(175-N), center Bill Slacas, Cleveland East, (210-N); tackle Pete Williams, Dayton Chaminade (190-S), and guard Lowell Schweickart, Ironton (200-S).

Notre Dame—back George Sefcik, Cleveland Benedictine (180-N) and end Les Traver, Alliance (190-N).

Michigan State—guard Pete Kakeia, Toledo Libbey (200-N) and back George Huges, Steubenville (200-S).

Northwestern—tackle Carl Hilling, Akron Central (200-N) and guard Mike Nieforos, Campbell Memorial (185-N).

Indiana — tackle Bob Vecchio, East Cleveland Shaw (206-N).

Purdue — tackle Ron Skufca, Cleveland Benedictine (250-N).

Wisconsin — end Bob Copley, Portsmouth (190-S).

Georgia—backs Dan Kiatkowski, (197-N) and Mel Shapiro (207-N), both of Toledo Devilbiss, and end Clyde Childers, Massillon (205-N).

Air Force Academy—back Nick Arshinkoff, Akron Garfield, (215-N).

Tennessee State—center Leaman Williamson, Massillon (180-N).

Dartmouth — quarterback Tom King, East Cleveland Shaw (170-N).

Kentucky—back, Ted Harless, Harrison (192-S).

Miami, Fla. — guard Charles Foreman, Dayton Fairmont (190-S).

Still to choose their schools are Ivory Benjamin, Massillon back (168-N), Dennis Byinton, Sandusky end (185-N) Tom Mingo, Campbell Memorial end (208-N) Dic Fahrney, West Carrollton end (185-S), Joe Grant, Portsmouth guard (190-S), Pat Russ, Cincinnati Roger Bacon tackle (215S) and Dave Owens, Vandalia center (270S).

Fights Draw With Ortega

Mickey Crawford Claims He Is No. 1 Welter Contender

NEW YORK (AP) —For whatever it may be worth to world welterweight champion Virgil Akins, Mickey Crawford now regards himself as the No. 1 contender for the crown.

"Why shouldn't I?" scowled the Saginaw, Mich., boxer-artist today. "I know I won last night's fight with Gaspar Ortega. And even though they called it a draw, I still regard myself as No. 1 contender."

Well, what Crawford says may be true, but the chances are that his next battle will be with this same Ortega. They now have met twice. A month ago, Ortega won a split decision. Wednesday night in Madison Square Garden they fought a draw.

There's no doubt that the deadlock will work to Crawford's advantage. Ortega currently is No. 1 on the list for Virgil Akins' crown. He needed a victory over Crawford to cement his claims.

Actually, Crawford made him look bad through most of the fight and the Associated Press saw Mickey, the artist, as victor, 6-4. That card agreed with Judge Joe Eppley's.

However, Judge Bill Recht, saw Ortega the winner, 7-3. Referee Barney Felix called it all even, 4-2 in rounds, and 5-5 in points. The point system is used in New York state in case of a tie in rounds.

Ortega, for his part, said he thought he won the bout decisively. Gaspar was willing to miss a half dozen blows to land one. He had Crawford groggy in the fourth round. He is a hard hitter when he connects, but Crawford kept out of his way most of the bout.

Mickey worked on Ortega's face and by the end of the sixth had the Mexican bleeding from a cut under the right eye.

Crawford weighed 148, Ortega 146½ for the 10-round televised bout.

Opening Round Begins In St. Paul Tourney

ST. PAUL, Minn. (AP) — Ken Venturi, back at the scene of his first pro triumph, defended a title and a record today in the opening round of the St. Paul Open Golf Tournament.

Venturi faced the challenge of most of the ranking pros on the circuit, including PGA champ Dow Finsterwald, Masters Titleist Arnold Palmer, Cary Middlecoff, Sam Snead and Bob Rosburg.

They were pegged among the top favorites in the \$25,000 tournament's silver anniversary.

TIME DIFFERENCE

Boston Grad Named Coach At Fairfield

Alton Dobson, a graduate of Boston University, will be the new head football coach at Fairfield this fall. He replaces Ken Wood.

Dobson majored in health and education and minored in biology and general science. He holds a BS degree and will have classes in physical education and biology.

He earned four letters each in football while in high school and at Boston U.

He is married and has two children. He is making his home in the James Hunt apartment on the Middletown Road.

The first meeting of footballers will be Monday at 10 a.m.

The first practice is Aug. 20 at 9 a.m.

Inside Labor By Victor Riesel

GARMISCH, Germany — From here to the "Bolshoi" border at the relatively nearby Czech boundary, the bulk of our 250,000-man army in Germany is sweating it out in practice combat like our behind — the lines secret "partisan" sabotage units training in the woods and mountains a few miles from this point.

At the "front" are the Communists. We know the nature of this enemy. At the supposedly safe rear are the Socialists, Germany's second largest party. This force, too, opposes us.

The party is controlled by powerful German labor unions, which finance it.

The brutal truth is that if German Socialists and labor chiefs had their way, our troops would be deprived of the most modern atomic tactical weapons.

We would then have to abandon our bases, the very ones which are now supporting the forces which must cope with the Near East grimness. If we give in to the Socialists, we will leave our young soldiers to face the atomic Red Army with old-fashioned pea shooters.

But the German labor chiefs seem to care little. They have officially adopted resolutions and run mass meetings against the use of atomic weapons by any NATO force, which means the United States mostly.

THE IMMEDIATE danger of this

anti-American agitation by the powerful national unions here is that their propaganda against our use of atomic weapons might disaffect the tens of thousands of German civilians working for our 7th Army.

That would hurt. For example, here at Garmisch, our Army is training units as partisan fighters behind some future Russian line.

There is no foolery in this war game. We drop the boys by plane or slip them in secretly by vehicle.

They're supposed to make contact with other "partisan" units. Then they're supposed to "destroy" permanent food depots and military installations. German civilians map terrain and keep vehicles in repair for these games.

Over in Augsburg, there is the parachute command of the 24th Division of Gen. Hodes' crack "USAREUR" — U.S. Army in Europe. German civilian workers handle the jumping equipment, repair the chutes and "keep house" for the tough parachutists.

You may think of nearby Oberammergau as the great Passion Play stage. But for our troops it is also a staging center for special units.

There the Army has a hush-hush military intelligence training school. There, trusted German civilians teach languages and special techniques and supply data needed to make ace counter-intelligence men out of our officers.

AND AT LENGRIES, the quartermaster has a highly technical, super-secret "signal school." Our men there are taught the handling of special electronic equipment, radar and photographic skills needed to keep the enemy from catch-

ing us with our planes down.

There is much at Lingries which can't be discussed. There, German civilian workers instruct U.S. enlisted men in the handling of this "signal" equipment. The civilians also keep this intricate electronic complex in crackling perfection.

Outside Nuernberg, there is the tank training center at Grafenwoehr. This is the nearest point to the "Bolshoi" border. German civilians keep those tanks rolling.

At Schwabisch - Gmuend, there is an assembly line operation in an

ornance repair depot which, in turn, feeds equipment to troops which might be airlifted anywhere in the Near East. In that town some 1,600 workers, mostly skilled, keep the line running.

In all there are 29,000 German workers employed by the Office of Civilian Personnel of the U.S. Army.

NOT THE LEAST OF their work is running great recreation centers here and at Berchtesgaden for your boys serving in Europe, the Near East and North Africa.

In this southern command area

alone, over 25 per cent of the German civilian employees have chosen to work for us for more than 10 years though we can offer them no permanency and they can get better pay and social benefits in Germany's booming private industry.

This attests to the decency of the Office of Civilian Personnel as an employer — and to its effectiveness in the most intricate bit of labor management skill and diplomacy I've seen.

Before this office can sign a labor union contract here, it must first consult with our own military

chiefs, then with the British and French and the German Finance Ministry and finally with the national German union chiefs.

The latter work through a joint council known as the Public Service, Transport and Communications Workers' Union — a Socialist outfit which is part of the national labor federation which seems to hate our guts.

Thus far the German civilian workers are not affected but their national chiefs are constantly telling them what atomic gun-monsters we are. That could hurt.

Thinking It Over

Human beings are all alike and different at the same time. Our similarities are broad but our differences are minute and specific. We are born with individuality but we amplify our basic differences with our experiences, our mental reactions and our attitudes.

These differences make it difficult to understand the other person. We do not have the same interests and desires. Our reactions gain acceptance for us or they cause us trouble. Much of our daily conflict could be voluntarily eliminated if we set our goals on a high level of spiritual objective.

We must aim to serve others and to help them along the way. We must strive to give satisfaction rather than to merely satisfy ourselves. We need to love and to deserve the love of others instead of demanding that others love us and sacrifice for us.

World of Tomorrow: No. 3

U.S. Business to Boom in Space Age

By SAM DAWSON
AP Business News Analyst

A bigger America—that's for us to decide. But chances are it will be better. And it might even be fantastic—for business right here at home as well as on space platforms and in colonies on the moon.

Growth of American business in the space age can be charted from figures we have today. We know there will be more people and therefore more needs. We know that research going on to-

day will be able to meet these needs—and doubtless a lot of desires which right now we don't even know we'll have.

The business of meeting these demands and of spawning and then cultivating new desires—that's what the industrialist, the worker, the salesman will be up to when the next generation takes over.

There will be more jobs, more income per family. There is sure to be more youngsters to feed and educate, more cars to crowd more highways, more oldsters for the

travel, entertainment and health industries to cater to, and a still higher percentage of Americans owning their own homes.

If you think the world of the consumer is already going electronic, antibiotic, nuclear and jet propelled—you haven't seen anything yet.

A single meal in one pill could be on the market a generation hence.

TV screens that hang on walls seem sure soon to be a salesman's item.

Stop worrying about leaving the windows open when you go out. Windows that close when it rains are nearing the drafting boards. You're barely used to blankets that heat as the temperature falls, before it's time to get ready for ones that cool you off on a hot night.

Radios powered by the sun are just around the corner, and may be cars that steer themselves.

These are a few of the new things ahead for businessmen to make and sell.

Now for the reasons that America is going to get bigger and more crowded and therefore need so much more of the things you already use or know about:

You have only to project into time the millions of youngsters already born but still under marriage age to know that there will be a lot more families and a lot more middle-aged productive workers 10 and 20 years from now. True, marriages and birth rates rise and fall as times turn exceptionally good or exceptionally bad.

But remember, two million youths now turn 18 each year. Ten years hence there will be four million a year. And there's no

reason to believe times will be bad in 1968.

There are 114 million persons now of driving age, and based on the known figures of present population there will be 132 million within 10 years. The auto industry confidently expects that the present 6 million families having two cars will have swelled to 12 million by then.

Industry leaders predict that just to take care of the greater population 15 years from now, with its added needs plus the added desires they intend to create, there will have to be 22 million more jobs. That will call for more business firms to make and distribute the growing total of production.

At its average rate of over the last 15 years, the gross national product (the dollar value of the total output of goods and services) will go from its present 42 billion dollars annually to more than 700 billion dollars in the next 15 years.

At that money kicking around sound exciting? Just stick around and maybe you'll have a bigger hunk than your present share of it.

Next: Aug. 15, 2008.

Damascus

The families of Mr. and Mrs. Ray Bardo and Mr. and Mrs. Merlin Stanley held their annual get-together Friday at the home of Dr. and Mrs. Floyd Stanley of Salem.

The event honored Earl Bardo's birthday.

Included were Mr. and Mrs. Frank Denny of Beloit, Mr. and Mrs. Wendell Stanley of Alliance

RESIGNS — President Eisenhower has accepted the resignation of Arthur Larson, above, special White House assistant. Larson is a leading exponent of "modern Republicanism."

and Mr. and Mrs. Earl Bardo of Salem.

Pictures of the Damascus Sesquicentennial were shown by Wendell Stanley. Members of the Happy Go Lucky 4-H Club had their projects judged at Goshen. S. S. KRESGE COMPANY

East State Street, Salem, Ohio

ACCIDENTS KILL MORE MALES THAN FEMALES AT EVERY AGE

AGE: 1-4 BOYS—139 GIRLS—100	5-14 BOYS—244 GIRLS—100
15-24 BOYS—501 GIRLS—100	25-44 MEN—465 WOMEN—100
45-64 MEN—331 WOMEN—100	65 & OVER MEN—121 WOMEN—100

THE WEAKER SEX? — Women have a lower accident death rate than men in all age groups. One big reason is the man's role in society. He does the riskier work. But even before they start to work, and after they retire, more males die in accidents. And in the later years, when diseases take over as the prime killers, men still are generally more vulnerable than women. Data from Metropolitan Insurance Co.

Home Repair

There's no substitute for ingenuity when making an urgent needed emergency repair around the house or on one of your belongings.

Once you've secured things temporarily, however, it pays to shop the hardware or building supply stores for something that will effect a permanent repair job for you.

THE LIST OF adhesive substances is legion, and there's little reason to be stuck with a simple stick-it-together chore.

Repairs of a more extensive nature come within the province of the newer, kit-type fix-it materials.

As an example, we'll cite a new, heavy duty patching kit recently placed in the market.

Cold-setting resin is used to bind glass fiber "cloth" and plicofilm into a tough, hard "sandwich" that is quite likely to outwear the object on which the patch is made.

Resinous substance and glass fiber alone are used for some repairs.

Rusted-out holes in auto bodies, gutters and downspouts are "natural" for application of the patch, and the material is adaptable enough to be shaped for restyling touches on auto bodies or boat hulls.

YOU WON'T PICK this kit from the shelves for pennies, of course. Each kit contains resin, hardener, glass fiber and plicofilm and costs a few dollars. It's manufactured in two sizes.

Replacement materials will be available where kits are sold. Re-

Guarding Your Health

By Dr. EDWIN P. JORDAN

Ulcer Sufferers Can Help Themselves

Ulcers of the stomach, of which there are two main varieties, are usually classed among the chronic disorders. Much has been learned about this interesting condition over the past years.

Among other things, the undesirable effect of nervous strain and emotional upset has come to be increasingly well-recognized. In all likelihood, the nerves are not the only cause of ulcers. There are certainly other influences which are important once they have developed.

CERTAINLY ulcers tend to come back and the symptoms get worse whenever a person has some mental or nervous strain or shock. This fact has been recognized by doctors for a long time, but there was not much which they could do about it.

Even now the victim of a stomach ulcer can probably do more to help himself by trying to avoid excitement, anger or other emotional upset than the doctor can.

Many treatments have been and are being used for ulcers. Almost all of them are aimed at the stomach itself, where the ulcer lies, and at the nervous cause.

In most ulcers of the stomach, there is an increased amount of acid present which irritates the ulcer and delays or prevents its healing. Most treatments, therefore try to counteract this excess acid and thus allow the ulcer a better chance to heal.

ONE OF THE MOST common treatment consists of frequent feeding of small meals, alternating with milk and cream and alkalis or other substances which decrease or neutralize the acids. Certain gelatin-like substances called mucins have a similar effect because they are supposed to coat the area of the ulcer and protect it from the irritating acid in the stomach.

In the last few years many call: patching unit is intended for heavy-duty repair.

The firm producing the kit manufactures various adhesives and other patching aids and is hep to practical solution of repair problems.

people have been operated on for ulcer by cutting a nerve known as the vagus which goes to the stomach. It is not accurate to call it the "worry nerve," but this operation seems useful in many cases of ulcer which have not responded to other treatment. One correspondent asked recently how to avoid getting ulcers. I wish I knew.

Probably those who eat regularly and well, and those who lead calm lives unperturbed by the clashes of their work or in their home stand a better chance of avoiding ulcer than those who do not. But this is about as far as one can go.

Peter Cooper, when he was nominated for the presidency by the Greenback Party in 1876, was 65 years old.

MRS. DONALD RAKESTRAW of Baltimore returned home after visiting Mr. and Mrs. Stanley Rakestraw.

The Hoyle Family reunion was held at Westville Lake Sunday.

The Cline Family reunion will be held at Firestone Park in Columbiana Sunday.

Mr. and Mrs. Calvin Baringer were Sunday guests of Rev. and Mrs. William Haggis of Roseville.

Mr. and Mrs. Charles Dudley's guests were Mr. and Mrs. Jay Beighley and Mr. and Mrs. John Blough of Youngstown last week.

Mr. and Mrs. Robert Ruggles and Mr. and Mrs. B.E. Woolf are in Florida.

Mrs. Eva Robertson of Savannah and Mr. and Mrs. John W. Helton of Abbeville, Ala. visited recently with their sister Mrs. Delmars Woolf.

179th Suicide Leap

Made from Golden Gate

SAN FRANCISCO (AP) — The 179th known suicide from the Golden Gate Bridge "was holding his hat on his head with both hands all the way down," said ambulance steward Sam Rascon, who tried to grab the man but missed by inches.

"It was strange. He was holding onto it like he was afraid it was going to blow off on the way down," Rascon related.

Rascon, 32, said he knew what the man in the car ahead was going to do when the man stopped Tuesday, jumped out and ran for the bridge rail. "You could tell," Rascon said.

Rascon stopped, too, but the man was over the rail before he could reach him.

Police tentatively identified the victim from a note and billfold left in the abandoned auto as Elbert Johnson, 70, a retired shipyard worker from nearby Oakland.

Neighbors said Johnson underwent major surgery recently.

Approximately one-half the buses in the United States are school buses.

MARRIES — Marie Dionne (above), third of the Canadian quintuplets to marry, is honeymooning at a secret spot with Florent Houle, 33, a court clerk. They were wed at Montreal Aug. 11 in secret ceremony.

Attics Provide Expanded Space

Every little girl looks forward to having a room all her own, one that is decorated as prettily as Mom's and a place to keep all her personal treasures.

When buying a home it is not always possible or practical to plan for the exact number of rooms. Baby often has to share a room with Mother and Dad, or else occupy a small area or den next to the master bedroom. Families soon learn attics are wonderful things and not only for storage space.

When youngsters are old enough for their own room, a room on the third floor becomes an asset.

And what fun to decorate! It is a challenge to imagination and ingenuity. A delightful and youthful print such as Waverly's boutonniere, a Glosheen print, with companion wall paper in shades of blue and lilac on a white background sets the color scheme for a little girl's room. It will be as attractive to her at 16 as it is at six.

Conquer a slanting wall with wallpaper applied to this one wall only with the other three painted white for a bright, fresh look. Use print for cafe curtains on dormer window with crisp quakerlace curtains in the center of window to allow light and sunshine to make the young ladies feel really grown up, create a vanity table the full

length of the window by simply installing a large piece of plywood. Attach a brass rod to the board and Conso cafe curtain heading to hang dressing table skirt of boutonniere print combined with Moulou Rouge lace cafe curtains. This can conceal radiator and can easily be moved to the side to allow heat. Continuing the color scheme, twin beds placed at either end of the room may have quilted Glosheen coverlets in lilac coordinated with the lilac in a print dust ruffle. Use Conso two-toned ball fringe in lilac and white for trimming on bedspreads, cafe curtains and quilted Glosheen valance for a pretty touch of feminine fancy.

Such a room is practical and economic for both fabric and wallpaper are washable. Dad may design and build tiny wall cabinets for storage of records, books and other treasured items. Dime store mirrors trimmed with scalloped edging and an enchanting calico horse wall clock add to the happy decor.

World's largest fresh water swimming pool is at Coney Island, in the Ohio River near Cincinnati.

About 48 per cent of the U.S. proved reserves of natural gas are in Texas.

A 'First' for U.S. Would Indicate Soviet Space Lead Is Not Too Great

'Moon Shot' Will Answer Big Question

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—(NEA)—There's more than a propaganda victory at stake in the race between the U.S. and Russia to achieve the first successful "moon shot."

The showdown is expected to come Sunday or Monday.

Conquest of the moon, whether it's hitting it with a rocket or sending a rocket around the moon, will be cold proof of whether the U.S. is many years behind the Soviets in space research or whether the Reds just happen to have bigger space rocket engines at the moment.

There are reliable reports that the Russians have had one or more failures in moon shots, but that they are planning to continue firing at a desperate rate to get there first.

THE WHITE HOUSE has officially announced that the Air Force will get the first three chances to get to the moon for the U.S.

AF scientists have been rushing

ing to prepare three Thor intermediate range ballistic missiles (IRBM) which will be the first-stage engine of the Navy's Vanguard missile, and the third-stage engine will be a new solid-propellant power plant.

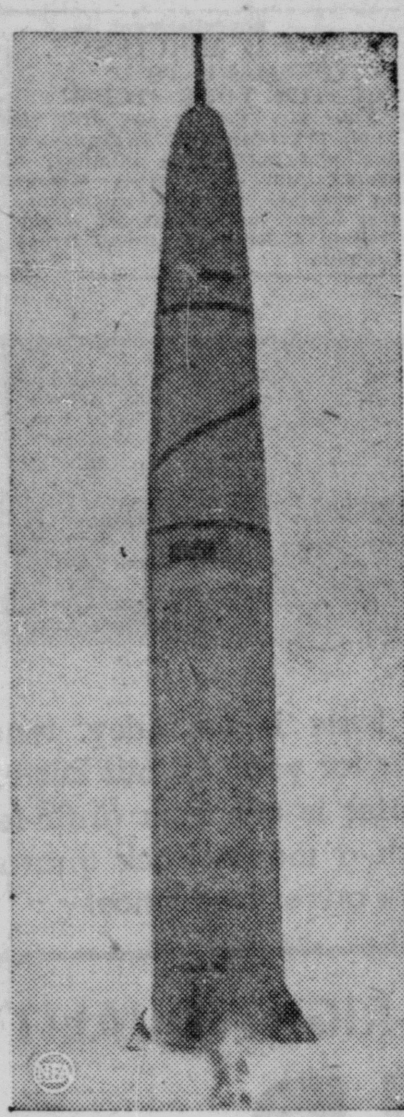

Firings are scheduled to begin Sunday or the first of next week. If none of these is successful the Army will be given a chance at the moon with two Jupiter IRBMs, specially equipped for the big lunar attempt.

Ever since Russia got its first Sputnik into orbit almost a year ago U.S. military space experts have adopted the line that the Soviet space lead was limited to the great size of its rocket engines. It is believed by U.S. experts that Russia has at least an engine with a thrust of one-half million pounds and perhaps one with a thrust of a million pounds.

AMERICA'S most powerful rocket-engine in use propels the Atlas intercontinental ballistic missile (ICBM). It is a combination of three engines, firing simultaneously, which deliver a total of 400,000 pounds of thrust.

Work is being rushed in the U.S. to build a million-pound thrust engine. Progress on it is a secret.

U.S. spokesmen have tried to minimize Russia's historic feat of putting the first satellite into orbit by claiming that the U.S. was even with Russia in many aspects of space research other than in

THOR IRBM will be the first stage of the U.S. moon rocket.

It has been said that the great number of aircraft companies, electronic firms and engineering and scientific organizations in the U.S. at work on various space projects give the U.S. a broader base for progress in this field than exists in Russia. Specifically, it has been claimed many times that the U.S. is ahead of Russia in the development of guidance systems.

A SUCCESSFUL MOON SHOT will require an extremely sophisticated guidance system. In addition, such an accomplishment will indicate a considerable jump in the state of the art of rocketry and space flight beyond mere satellite launching.

Thus, if the Russians hit or circle the moon first, this feat will explode the hope of some U.S. experts that the Reds are behind the U.S. in guidance systems and other facets of space flight.

Successful guidance of a rocket that will circle the moon and return to the earth's atmosphere—where it will be destroyed by friction with the air—actually will be a near incredible scientific feat.

The moon is a quarter of a million miles away, circling the earth in space and therefore a tricky target. After about a two-day trip through space at just the proper split-second, the rocket has to slow down so that it will circle the moon and head back towards

NOMINATED — Mrs. Barbara Bates Gunderson, Republican national committeewoman from South Dakota, was nominated by the president to be a member of the Civil Service Commission. The 41-year-old Rapid City S. D., resident would replace Bernard L. Flanagan, who resigned under Congressional fire.

earth instead of roaring past the moon into infinity.

ance system that will slow down the rocket from the speed of 25,000 mph, which it needs to escape the earth's gravitational attraction, to 2,500 mph, the proper speed for circling the moon. Finally it has to be guided away from the moon's pull to head back to earth.

This rocket is expected to collect scientific data on the moon. Thus its "brain" will have to activate this equipment at the proper instant and then cause the information to be sent back to earth.

These are just a few of the obvious demands on a moon rocket's guidance system.

One of two possible guidance systems will be used in the first AF shot. One is a timing system whereby the missile is made to do certain things on a pre-set schedule. The other is a "command system" whereby controllers on earth will cause the rocket to take certain actions. Details of both systems are secret.

There is no scientific bases for the superstitions about planting under the signs of the zodiac.

President Woodrow Wilson inaugurated presidential press conferences.

Raisin Coffee Ring Highlights Breakfast

For your recipe files — here is a spicy Raisin Coffee Ring which will delight all members of the family. It's delicious for breakfast or for snack time.

Raisin Coffee Ring
(Makes 2 rings)

1/2 cup warm, not hot, water (lukewarm for compressed yeast)

2 packages or cakes yeast, active dry or compressed,

1 1/2 cups lukewarm water

1/4 cup sugar

1 1/4 teaspoons salt

2 eggs, well beaten

1/2 cup shortening

6-7 cups sifted flour

1 cup (one envelope) instant non-fat dry milk powder.

2 table spoons butter, softened

Raisin-Cinnamon Filling

1/2 cup sugar

2 teaspoons cinnamon

1/2 cup seeded raisins

Confectioners' Frosting

1 cup sifted confectioners' sugar

4 teaspoons liquefied instant nonfat dry milk

Dissolve yeast in the 1/2 cup water (warm, not hot, water for active dry yeast or lukewarm for compressed yeast) in large mixing bowl. Stir in 1 1/4 cups lukewarm water, sugar and salt. Add beaten eggs and shortenin. Beat

(shortening will be in small lumps).

Sift flour with instant nonfat dry milk powder, add about 5 cups of the flour-milk mixture to yeast mixture. Beat thoroughly until very smooth, 2-3 minutes. Turn dough onto board well sprinkled with flour-milk mixture. Knead until smooth and elastic about 8-10 minutes (dough will spring back when pressed firmly with fingers).

Use a little more flour-milk mixture to board during kneading, if necessary. Place in large buttered bowl; brush with melted butter. Cover with clean cloth or waxed paper; let rise in warm place (85 deg. F.) until double (about 1 to 1 1/2 hours).

Punch down dough with fist.

Divide dough into 2 equal parts; roll out into a 15x9-inch rectangle. Spread with softened butter. Combine cinnamon and remaining sugar; sprinkle evenly over dough. Sprinkle with raisins.

Beginning at wide end roll dough tightly, jelly roll fashion. Moisten edge; pinch dough together to seal.

Place on buttered baking sheet, sealed edge down. Moisten ends; join to form a ring. With scissors, make crusts 2-3 of the way through ring at 1-inch intervals.

Turn each slice slightly on its side. Let rise until double in bulk, about 35 to 40 minutes. Bake in moderate oven (350 deg. F.) 25 to 30 minutes or until well browned and firm.

INSIDE PHOTOGRAPHY — This tiny camera, only three-quarters of an inch long, was designed to take pictures inside the human stomach. It was invented by Norman Gosselin at the Charles Brusch Medical Center in Cambridge, Mass. The standard-sized darning needle locates the lens opening. In a special capsule, it can be swallowed by the patient without discomfort. The camera can take up to eight pictures, black-and-white or color, from light supplied by a built-in bulb.

Classroom Air Conditioning Helps Students Keep Alert

Sweltering in a classroom is no fun for teacher or student. With an increase in air conditioning, this makes classroom cooling another subject on the school board agenda. Especially, since many educators suggest year-round use of public schools to ease overcrowding and to use expensive facilities. Already some schools have air conditioning. How many more systems will install units depends on how much the rooms will be utilized in warmer months.

Carrier, for example, reports its systems are operating in more than 100 elementary and secondary schools and in a similar number of colleges and universities. Other companies report comparable results.

One of the most progressive cities to date in school air conditioning is Phoenix, Ariz., where all 12 schools in the town are mechanically cooled.

Does installation of air conditioning in schools mean we are pampering our teachers and students or does it provide tangible benefits to make it worthwhile?

Educators whose schools have the equipment say it improved

grades, aided research, extended adult summer-education programs, as well as permitted year-round operation. It also aided in fights for community support by making the buildings available for civic use in hot weather.

A college president, Dr. R. F. Poole of Clemson College commented: "Students are more alert. Though it is difficult to measure, we think air conditioning had beneficial effects on summer-student grades. Our faculty has found it helps them immeasurably."

A superintendent in San Angelo, Tex., says it means a reduction in grade repeaters in some schools. The San Angelo 10 per cent repeater rate could be cut to 2 per cent, he said, if only one-fourth of the city's schools were equipped for remedial use in summer.

Where the battle for cool schools will end depends on many things. But most educators feel that energy which students once wasted battling environment is being turned to studies and other useful pursuits.
